

## Ansel Adams' photos to go on display

Ansel Adams' exhibition, "Photographs of the Southwest: 1929-1968," will be on display Sept. 19 through Oct. 8 in Texas A&M University's Rudder Exhibit Hall.

A public reception honoring the exhibit will be held next Wednesday in Rudder Exhibit Hall at 3:30 p.m.

Adams is recognized as one of America's greatest photographers and has had exhibitions in several prominent museums.

The exhibit, consisting of 100 photographs made in Arizona, California, Colorado, New Mexico, Utah and Texas, is sponsored by the University of Arizona's Center for Creative Photography.

Adams has written more than 15 books, compiled six portfolios and won numerous awards including three Guggenheim fellowships.

The exhibition is open to the public without charge. Rudder Exhibit Hall hours are 8 a.m. to 11 p.m. every day including weekends.

## But acoustical testers heard possible 4 shots

# Warren Commission bullet theory backed

United Press International  
WASHINGTON — Expert witnesses called Tuesday afternoon by the House Assassinations Committee bolstered the Warren Commission's finding that three bullets were fired at the presidential motorcade on the day of President John F. Kennedy's murder.

A photo scientist and an engineer summed up their test results on what path the bullets fired at Kennedy took, by concluding that the president was hit by two bullets, one of which also wounded Texas Gov.

John Connally. A third shot missed. Conspiracy theorists have argued that more than one gunman was involved in the murder and that more than three shots were fired.

Tuesday's testimony came barely 24 hours after an acoustics expert produced a tape recording made on a Dallas police transmitter. It was left running in Dealey Plaza the day of the shooting. This recording poses the possibility of a fourth shot.

The acoustics expert also acknowledged the "fourth shot" may have come from a grassy knoll located

around the Texas School Book Depository. The Warren Commission concluded in 1964 that this is the spot where Lee Harvey Oswald did the shooting.

The bullet path tests — with an acceptable margin of error — supported the Warren Report and showed the shots came from the school book depository and travelled to the back of the motorcade.

Calvin McCamy, former chief of image optics photography with the National Bureau of Standards, spoke for a team of 20 photo scientists in

concluding that:  
—Three shots were fired at the motorcade.  
—The first shot missed.  
—The second shot hit both Kennedy and Connally.  
—The third shot was a fatally direct hit on Kennedy's head.

Their conclusions were based on studies of amateur films and still pictures taken during what is judged to have been the firing sequence.

Chief committee counsel Robert Blakey explained at the opening of Tuesday's hearings that the commit-

tee plotted the shooting path with the victim and moving rather than starting at the origin.

Student Access to Education Records</p> <p>All students (and former students) of Texas A&amp;M University have the right of access to their education records for the purpose of review, with the exception of those records prohibited by the Act (see Section III).</p> <p>A. Students have the right to obtain copies of records relating to themselves at the expense of the student. The reproduction charge shall not exceed the actual cost to the University.</p> <p>B. The University will respond to all requests for explanations and interpretation of records or information, provided the response is not in violation of this Act.</p> <p>C. The Act provides that a student may waive his right of access to confidential letters of recommendation in the areas of admissions, job placement and receipt of awards. Students seeking employment through the University Placement Office may have signed such a waiver. Information concerning the status of such waivers may be obtained from the Director of Placement. Consent to release personally identifiable information, such as rank-in-class, personal conduct, grade point ratio, academic progress, etc., to non-authorized personnel (see Section IV) should be obtained from the student by individuals releasing such information.</p> <p>III. Records Not Accessible to Students</p> <p>A. Student Rights to Challenge Records</p> <p>Students have the right to a hearing to challenge records and information directly relating to them. The challenge is restricted to inaccurate, misleading, or otherwise inappropriate records and information. The following procedures shall be followed:</p> <p>A. Any student wishing to challenge records or information directly relating to him must notify the individual responsible for maintaining the record of the wish to challenge. The notice must be in writing and specifically identify the item challenged and the basis for the challenge. This written request must be filed in duplicate with the custodian of the challenged record.</p> <p>B. All initial hearings will be informal and participants will be the custodian of the challenged records or information, the student and the author (if appropriate) of the material.</p> <p>C. If any of the participants (record custodian, student or author) are not satisfied with the results of the informal hearing, a formal hearing will be conducted under the procedures adopted and published below:</p> <ol style="list-style-type: none"> <li>The hearing will be conducted and the results decided within a reasonable period of time (seven business days) following the request for the hearing.</li> <li>The hearing will be conducted, and the decision rendered, by an institutional official or other party who does not have a direct interest in the outcome of the hearing. The appointment of the official or party will be made by the Vice President to whom the record custodian reports.</li> <li>The student will be afforded a full and fair opportunity to present evidence relevant to challenging the content of the educational records in order to insure that they are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students. The hearing also provides an opportunity for correction or deletion of any inaccurate, misleading, or otherwise inappropriate data contained in the record and/or to insert into the record a written explanation of the student respecting the content of the challenged record.</li> <li>The decision must be rendered in writing to all interested parties within a reasonable period of time (seven business days) after the conclusion of the hearing.</li> </ol> <p>VI. Release of "Student Directory Information"</p> <p>Information on students, such as date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, is defined as "student directory information" in this Act as "student directory information" is a category of information and does not refer necessarily to a publication known as a "directory".</p> <p>The information mentioned above will be released by various campus offices periodically or upon request unless the student requests in writing that specific information be withheld.</p> <p>A publication known as the Texas A&amp;M University Directory is one type of periodic containing data classified as "student directory information". It will contain the student's name, address, telephone listing, major field of study and classification unless the student requests that part or all of the data be withheld. Periodically the Registrar will publish notice of the above policy so that students wishing to do so can make requests known to the Registrar (undergraduates) or the Dean of the Graduate College (graduate students). After the official notice has been published, the Registrar will inform offices concerned of the requests received.</p> <p>VII. Destruction of Records</p> <p>Texas A&amp;M University constantly reviews "education records" it maintains and periodically it becomes necessary to destroy certain records. In no case will the University destroy records if the action is prohibited by state and/or federal law.</p> <p>Basic scholastic records are kept permanently in the Registrar's Office. Beyond these, the various departments and offices may determine their own policies regarding retention of records within existing law.</p> <p>VIII. Letters of Recommendation</p> <p>A. Students have the right to review confidential recommendations used in applications for employment or for admission to any educational agency or institution, or information concerning honors awarded, except when the student waives, in writing, the privileges of examination.</p> <p>B. Under the Family Educational Rights and Privacy Act of 1974, the student does not have access to confidential letters and statements of recommendation which were placed in the education records prior to January 1, 1975, if the letters or statements are used for purposes for which they were specifically intended.</p> <p>IX.
