# bercrombie is hero for BU

Just as Baylor's mascot bear got loose and went after Aggie fans in the bleachers in the south end zone early in the game, so it was with the Baylor Bears on the field. The Bears charged into College Station led by a young cub named Walter Abercrombie.

The Bears needed the win to keep from going crazy with frustration over their five previous losses. The worst beating the Bears had was mental as they have lost five games by a total of 21 points. They were overdue and were not to be denied this Saturday.

"It's amazing," said crying Baylor head coach Grant Teaff just after the final seconds ticked off the scoreboard. "We've been through hell this season and now it's paid

The Baylor dressing room was in complete mayhem after the game. Players were jumping around, coaches were laughing and it seemed like they had just won the Super Bowl.

The first win was a long time coming for the Bears who put all their faith in Grant Teaff's "I believe." The Bears believed in themselves enough to come back after five consecutive losses and beat nationally ranked Texas A&M 24-6.

'After five losses we had nothing going for us but ourselves," Teaff said. "This is as sweet as any victory we've ever had.

"We just choked and self-destructed in past games that we should have won. But we calmed down in the second half this week and had some big plays offensively and defensively that secured the

The worst thing that happened to the Aggies Saturday was that Baylor halfback Frank Pollard got hurt

freshman and played two-and-onehalf quarters.

Needless to say, the Bears are expecting very big things from their Abercrombie in the future.

'I wanted to redshirt him (Abercrombie) this season because I want to give him four good years at Baylor," Teaff said. "He's one of the best backs I've ever recruited and I think he's going to be Heisman

That's just what Abercrombie looked like in the dressing room, a kid. With a smile from ear to ear and tossing the game ball he had just received, he waited as reporters gathered around the new Baylor

"I'm just glad I got the chance to play," Abercrombie said in a very poised manner. "I felt like I could give Pollard a break so he could rest. When he got hurt, I just went to do the best I could."

The best he could do was spark the Bears in the second half and allow them to take command of the

The Bears struck early, 29 seconds into the game, in fact. Teaff described the play which he said has worked every time they have used

"It's just an old no-huddle play," he said. "We ran the first play, which was a dive, and then we acted like we were going back to the huddle. Instead of huddling we just line up and hit the split and who is up and hit the split end who is headed down the sidelines."

Robert Holt was on the receiving end of the play which went for 78 yards and six points. It was the first touchdown of Holt's career.

That was all the scoring in the first half for Baylor as the Bears never got past midfield until the third

"We just settled down and we were determined we couldn't blow this one in the second half," Teaff said. "Our offensive line did a good job and we only had a few penalties."

job and we only had a few penalties.

"I was surprised that they (Texas A&M) didn't throw more in the second half. They were really hurting us with that bootleg pass in the first half. We just had to make a choice whether we wanted Mosley to run around the end with it or get the completion. Either way we couldn't stop it effectively until our linebackers started to chase Mosley out."

Linebackers Mike Singletary and Doak Field held the Aggie offense in check all day with a total of 29
