

21 Student Body Presidents and more than 150 student leaders from 53 Texas Colleges have joined the Students for Clements Steering Committee.

BILL CLEMENTS TALKS ISSUES...

CLEMENTS' RECORD

Student Loans

- Clements and his company have set up more than \$475,000 of college scholarships and grants
- Clements has always supported the Texas Equalization Grant

Government spending

- "Clements executive talent and leadership ability have been proven both in business and in the federal government."

—The Dallas Times Herald

Education

- Past Chairman, SMU Board of Governors
- Established Excellence in Education Committee for Armed Services
- "No one has given more of himself for education than has Clements."

—Willis Tate President Emeritus SMU

Energy

- Clements is an energy expert. His experience in this field will help him protect Texas' energy interests in Washington.

Initiative and referendum

- Unlike his opponent, Clements urged the special session of the legislature to enact this important idea.

Hiring employees

- In Washington Clements always surrounded himself with the best professionals available
- His record on promotion of minorities as Deputy Secretary of Defense, was absolutely the best . . . better than HEW, Labor, State, or any of the other departments.

Government Reorganization

- Oversaw a \$100 billion budget as Deputy Secretary of Defense
- Noted for his ability to streamline the bureaucracy and cut away fat

THE ISSUES

Student Loans

- pledged to continue support of the Texas Equalization Grant

Government Spending

- "There will be no unchallenged budgets in my administration, I will study every money request for cost effectiveness."

Education

- "Improving Texas' education system is my number one priority."
- "Teachers should receive raises so they are on the same pay scale as other state employees."
- "Teachers should be required to pass competency tests and merit raises should be instigated."

Energy

- We must at once:
 - 1) practice conservation
 - 2) stimulate oil and gas production
 - 3) push development of solar and geothermal energy

Initiative and referendum

- I support this important public right

Hiring employees

- Hiring and advancement should be based on ability

Government Reorganization

- "We must cut back the rampant growth in our state bureaucracies and redistribute these funds to our schools."
