Since 1795 we've gathered our Blue Magueys for Cuervo Gold the gentle way.

It's the old way. And still the best.

At Cuervo we know that there is only one way to make Cuervo Gold perfect. The way we've been doing it for more than 180 years.

That's why people still nurture our fields of Blue Maguey plants. And why mules are still used to bring these precious plants to our distillery. For tradition is still the most important ingredient in Cuervo Gold.

This is what makes Cuervo Gold truly special. Neat, on the rocks, with a splash of soda, in a perfect Sunrise or Margarita, Cuervo Gold will bring you back to a time when quality ruled the world.

Cuervo. The Gold standard since 1795.
