SCIENCE AND ENGINEERING MAJORS: TAKE OUT INSURANCE NOW

How about an "insurance" policy that your science or engineering degree will really be used? It would be nice. Especially considering the work you put into such a degree. The Air Force will use your talents. We have openings for young men and women majoring in selected science and engineering academic fields... like Aeronautical, Aerospace, General and Electrical Engineering, Mathematics, Physics and Computer Technology, and many more. One way to get into these jobs is through Air Force ROTC. Our AFROTC scholarship can help you financially so you can concentrate on getting your degree. AFROTC is a great opportunity to help yourself through college, and the Air Force is a great opportunity to really use what you learn. Look into the Air Force ROTC program at your campus. It's good insurance.
