### Carter doesn't snore

## President's trivia list

WASHINGTON — President Carter is allergic to hops, beans and Swiss cheese. Furthermore, investigation shows (a) he does not snore, and (b) he once shot his sister in the rump with a BB gun.

For the latter transgression, James Earl Sr., his pappy, tanned his young hide.

You never know what questions the media and the public will ask about a president. So the White House Office of Media Liaison has compiled curious tidbits like these in a 13-page memorandum distributed to some members of the presidential staff.

Armed with this document, these staffers will know, if asked, that Carter's shoe size is 10C, his hat size is 7, his shirt size 15-33 and his waist measurement an enviably trim 33

inches.

Other items range from the fact that his favorite color is blue to the fact that his first car was a 1948 Studebaker "Commander," which he bought new and drove across the country.

Charles Goodwin, a liaison office official, said the hunt for facts included some "minor investigating to find out, 'Does the president snore?'"

"We didn't want to ask him or Mrs. Carter," Goodwin said, "and then someone remembered that Jody (Powell) and the president shared rooms" during Carter's Georgia gubernatorial campaign.

Powell, the White House press secretary said, no, Carter does not snore.

Under the heading "Crimes and Punishment," the memo confesses

that young Jimmy stole "a penny from the collection plate at church when he was 5 years old."

In addition, it says, "he shot his sister Gloria 'in the rear end' with a BB gun after she threw a wrench at him."

Both crimes were followed by the notation: "Was whipped by father."

Some other items:

—Favorite Foods: "Rare sirloin steak, any kind of fish or game birds, ham and red eye gravy, corn bread, any leafy green vegetable, salad with Roquefort dressing, and homemade peach ice cream."

—Allergies: "Allergic to hops, beans, Swiss cheese and other similar foods. Reaction is choking and swallowing difficulties."

—Drinking habits: Not quite a teetotaler. Will take an occasional glass of wine or Scotch.

## MARANTZ PUTS GREAT SOUND UNDER SMALL PRICE TAGS COMPLETE SYSTEM: \$649.80!

A complete Marantz System for just \$649.80. Whether you're looking for the connoisseur's small system or the ultimate starter system, check this one piece-by-piece:

**The Model 2218 AM/FM Stereo Receiver.** 24 Watts per channel into 4 ohms from 20 to 20,000 Hz with no more than 0.15% Total Harmonic Distortion, or 18 Watts per channel into 8 ohms from 20-20,000 Hz with no more than 0.08% THD. Even this most economical of Marantz receivers doesn't skip on technology. Dual Gate MOSFET FM Front End, Phase-Locked Loop FM Multiplex Demodulator for superb stereo separation, Full Complementary Direct Coupled Output Circuitry, and much more.

**The Model 6170 Direct-Drive Turntable.** Auto-Lift and Auto-Shut-Off. All the steady efficiency of Direct Drive — just 0.03% wow and flutter (WRMS). The exclusive Marantz Low Distortion Tone-Arm — because of its design, tracking error distortion is 30% lower than with conventional tone-arms. Pitch Control means precise adjustment of platter speed — perfect for play-along. Damped Cueing and Anti-Skating add to stylus life.

**Model HD-440 High Definition Speaker System.** An extremely compact 3-way air suspension bookshelf system incorporating an 8-inch Woofer, 3 1/2-inch Midrange and 3 1/2-inch Tweeter. Handles up to 50 Watts of integrated program material with a Frequency Response of 45 Hz to 18 kHz ± 3 dB.

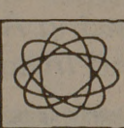

The results: powerful, punchy sound from a very small package! Finished with walnut-grain pattern vinyl to be both attractive and durable.

That's it — a lot of performance for a little money. Because the whole Marantz idea is to give you more than you'd expect to get, even though you expect a lot from Marantz.

**\$495**

THERE'S NEVER BEEN A BETTER TIME TO BUY MARANTZ.
