Hogs take early lead in SWC action

The Arkansas Razorbacks have emerged as the only unbeaten team left in the Southwest Conference — technically.

Actually, the Razorbacks did lose last Saturday but the setback will not go into their won-lost record.

At the close of a fairly dismal week for the SWC, Arkansas fell to the Athletes in Action 75-68.

The game served as a reunion for

Sidney Moncrief, the Razorbacks' senior who scored 39 points Saturday night, and Marvin Delph, who graduated last year after helping Arkansas to a third-place finish in the NCAA tournament.

Delph, who chose to play for the Athletes in Action instead of going into the NBA, scored only one field goal during the game.

Earlier in the week the Razorbacks had won their second game of

the season downing West Texas 84-54.

The conference had to put up with some embarrassing moments during the week. Rice lost to Southwest Texas by two points, TCU fell to Wayland Baptist by two points, Texas lost its second game of the year at Oklahoma and Texas Tech, which was rolling along with four consecutive wins, played poorly and lost to Wyoming Saturday night 68-65.

The pace of action slows this week as the holidays approach. The top games of the week are SMU at home tonight against derbilb and Baylor hosting Texas at Paso Tuesday night. Next weekend will mark the beginning of tournament play. Bluebonnet Classic will feature Houston and Rice entering. Texas A&M will play in the Francisco Classic and Texas will be in the Birmingham Classic.

Mules laden with Blue Maguey pinas on their way to Cuervo's La Rojena plant.

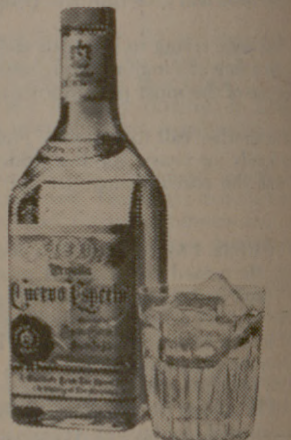

Since 1795 we've gathered our Blue Magueys for Cuervo Gold the gentle way. It's the old way. And still the best.

At Cuervo we know that there is only one way to make Cuervo Gold perfect. The way we've been doing it for more than 180 years.

That's why people still nurture our fields of Blue Maguey plants. And why mules are still used to bring these precious plants to our distillery. For tradition is still the most important ingredient in Cuervo Gold.

This is what makes Cuervo Gold truly special. Neat, on the rocks, with a splash of soda, in a perfect Sunrise or Margarita, Cuervo Gold will bring you back to a time when quality ruled the world.

Cuervo. The Gold standard since 1795.
