Any person desiring further clarification of this policy statement may request same from Mr. Robert A. Lacey, Registrar.

II. Student Access to Education Records

All students (and former students) of Texas A&M University have the right of access to their education records for the purpose of review, with the exception of those records prohibited by the Act (see Section III).

A. Students have the right to obtain copies of records relating to themselves at the expense of the student. The reproduction charge shall not exceed the actual cost to the University.

B. The University will respond to all requests for explanations and interpretations of records or information, provided the response is not in violation of this Act.

C. The Act provides that a student may waive his right of access to confidential letters of recommendation in the areas of admissions, job placement and receipt of awards. Students seeking employment through the University Placement Office may have signed such a waiver. Information concerning the status of such waivers may be obtained from the Director of Placement. Consent to release personally identifiable information, such as rank in class, personal conduct, grade point ratio, academic progress, etc., to non-authorized personnel (see Section IV) should be obtained from the student by individuals releasing such information.

III. Records Not Accessible to Students

A. Instructional, supervisory, and administrative personnel records and educational personnel records pertaining thereto in the sole possession of the author and not re-

sonable period of time (seven business days) after the conclusion of the hearing.

VI. Release of "Student Directory Information"

Information on students, such as date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, is defined and referred to in this Act as "student directory information" (this is a category of information and does not refer necessarily to a publication known as a "directory").

The information mentioned above will be released by various campus offices periodically or upon request unless the student requests in writing that specific information be withheld.

A publication known as the Texas A&M University Directory is one type of periodical containing data classified as "student directory information". It will contain the student's name, address, telephone listing, major field of study and classification unless the student requests that part or all of the data be withheld.

Periodically the Registrar will publish official notice of the above policy so that students wishing to do so can make requests known to the Registrar (undergraduates) or the Dean of the Graduate College (graduate students). After the official notice has been published, the Registrar will inform offices concerned of the requests received.

VII. Destruction of Records

Texas A&M University constantly reviews "education records" it maintains and periodically it becomes necessary to destroy certain records. In no case will the University destroy records if the action is prohibited by state and/or federal law.

Basic scholastic records are kept permanently in the Registrar's Office. Beyond these, the various departments and offices may determine their own policies regarding retention of records within existing law.

VIII. Letters of Recommendation

A. Students have the right to review confidential recommendations used in applications for employment or for admission to any educational agency or institution, or information concerning honors awarded, except when the student waives, in writing, the privileges of examination.

B. Under the Family Educational Rights and Privacy Act of 1974, the student does not have access to confidential letters and statements of recommendation which were placed in the education records prior to January 1, 1975, if the letters or statements are used for purposes for which they were specifically intended.

IX. Former Students

These procedures apply to all persons formerly enrolled at Texas A&M University as well as to those currently enrolled.
