VI. Release of "Student Directory Information"

Information on students, such as date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, is defined and referred to in this Act as "student directory information" (this is a category of information and does not refer necessarily to a publication known as a "directory").

The information mentioned above will be released by various campus offices periodically or upon request unless the student requests in writing that specific information be withheld.

A publication known as the Texas A&M University Directory is one type of periodical containing data classified as "student directory information". It will contain the student's name, address, telephone listing, major field of study and classification unless the student requests that part or all of the data be withheld.

Periodically the Registrar will publish official notice of the above policy so that students wishing to do so can make requests known to the Registrar (undergraduates) or the Dean of the Graduate College (graduate students). After the official notice has been published, the Registrar will inform offices concerned of requests received.

VII. Destruction of Records

Texas A&M University constantly reviews "education records" it maintains and periodically it becomes necessary to destroy certain records. In no case will the University destroy records if the action is prohibited by state and/or federal law.

Basic scholastic records are kept permanently in the Registrar's Office. Beyond these, the various departments and offices may determine their own policies regarding retention of records within existing law.

VIII. Letters of Recommendation

A. Students have the right to review confidential recommendations used in applications for employment or for admission to any educational agency or institution, or information concerning honors awarded, except when the student waives, in writing, the privileges of examination.

B. Under the Family Educational Rights and Privacy Act of 1974, the student does not have access to confidential letters and statements of recommendation which were placed in the education records prior to January 1, 1975, if the letters or statements are used for purposes for which they were specifically intended.

IX. Former Students

These procedures apply to all persons formerly enrolled at Texas A&M University as well as those currently enrolled.

## Rhodesia votes on suffrage

United Press International  
SALISBURY, Rhodesia. Whites voted today on whether to approve a referendum that would give the black population after 90 years of white rule the right to vote. The referendum was held in the capital, Harare, and was the first time in Rhodesia's history that the white population voted on a referendum.

Prime Minister Ian Smith, a "yes" vote, campaigned last minute, touring polling stations around the capital, where turnout was high. He declined to predict whether he would win a referendum that would give the black population the right to vote. Smith said a low turnout would harm the chances of the referendum being accepted but added, "I am always a pretty confident person and never like to see chickens before they are hatched." Smith told reporters she was casting his own vote. "I wait and see."

He said that if the referendum was accepted, he would remain in power until the referendum was held in February to document ratification. Smith said a low turnout would harm the chances of the referendum being accepted but added, "I am always a pretty confident person and never like to see chickens before they are hatched." Smith told reporters she was casting his own vote. "I wait and see."

Politicians predicted that white registered voters would be reluctant "yes" to the referendum would lead to universal elections for the first time in the land of 250,000 whites and 1 million blacks.
