

what's up

Monday

HASSLE-FREE: A meeting will be held at 7 p.m. at the Country Place Apartment party room.

CHILD MOVEMENT PROGRAM: Registration for the Department of Health and Physical Education's Child Movement Program will be 1-2 p.m. on the third floor of G. Rollie White Coliseum. The program is designed to enhance the fundamental motor and perceptual awareness efficiency of young children 18 months to 5 1/2 years old. For more information contact Dr. Carl Gabbard at 845-6841.

SOCIOLOGY CLUB: Jane Sell will give a speech at 7 p.m. in Room 607, Rudder Tower.

ACCOUNTING SOCIETY: Price Waterhouse will present a program at 7 p.m. in Room 701, Rudder Tower.

PLANT SCIENCES SEMINAR: Dr. James S. Cerik of the plant sciences department will speak on Jacob J. Tabenhaus at 112 Plant Science Building at 4 p.m.

Tuesday

YOUNG AMERICANS FOR FREEDOM: "The Shining City on a Hill," starring Ronald Reagan, will be shown at 7:30 p.m. in Room 301, Rudder Tower. Anyone is invited to see this film concerning the conservative movement.

TAMU INTERNATIONAL DANCERS: Will be dancing in the MSC from 7:30 p.m. until 10 p.m. Partners are not necessary.

FELLOWSHIP OF CHRISTIAN ATHLETES: Will meet at 8 p.m. in the Letterman's Lounge in G. Rollie White Coliseum. All ex-high school athletes are welcome.

COLLEGIATE FFA: Will meet at 7:30 p.m. in Room 110, HECC. President Miller will be present.

SPEECH: Rebecca Lukens will speak on "Women: An Affirmation" at noon in Room 145, MSC.

SPEECH: Jan Zeevaert will speak on "What Makes a Plant Flower?" at 4 p.m. in Room 601, Rudder Tower. Zeevaert is a leading authority on photoperiodic control of flower formation.

CHILDREN'S LITERATURE OF THE SEA SEMINAR: Will be held today and tomorrow with formal talks, a panel discussion, autograph parties, lunch with the authors, a reception, and a meeting with regional children. They will consider the sea as a topic for children's literature. For information and registration, contact Norma Bagnall in the Department of English.

CHAMBER OF COMMERCE BANQUET: Phil Gramm will be featured speaker at the 7 p.m. banquet in the new Brazos Center. Tickets are \$5 and may be purchased at any area financial institution or Chamber office.

PRE-MED, PRE DENT SOCIETY: Richard Cunningham, head of the department of ophthalmology at Scott and White Clinic, is the special guest at 7:30 p.m. in Room 206, MSC.

AMERICAN HUMANICS STUDENT ASSOCIATION: Louis Fry, from the College of Business, will speak on "Selection of Your Organization and Typing Your Personality" at 6 p.m. in Room 502, Rudder Tower.

HORSEMAN'S ASSOCIATION: Will meet at 7:30 p.m. in Room 113, Kleburg. The Intercollegiate Judging Contest will be discussed.

AGGIE CINEMA: "Small Change," an intricate and graceful mosaic built around the lives of several children in a small provincial town, will be shown at 2 p.m. in Rudder Theater. (G)

Wednesday

SIGMA DELTA CHI: The "Dave and Don Show," featuring Jan Bailey, a December graduate who now works in the Capitol Bureau of UPI, will be at 7:30 p.m. in Room 502, Rudder Tower. Non-members are welcome.

HORSEMAN'S ASSOCIATION: An Intercollegiate Horse Judging Contest will be held at the Equestrian Center at 8 a.m.

PLANT SCIENCES SEMINAR: Jan Zeevaert will speak on "Environmental Control of Plant Growth Through Hormones" at 4 p.m. in Room 112, Plant Sciences Building.

AGGIE CINEMA: "Adam's Rib," in which the courtroom combat of lawyer Katherine Hepburn and her district attorney husband, Spencer Tracy, intrudes into their domestic life when he prosecutes and she defends the same case, will be shown at 8 p.m. in Rudder Theater. (G)

AGGIE CINEMA: "Inherit the Wind," a towering drama of conflicting moral systems, starring Spencer Tracy as Clarence Darrow, will be shown at 10 p.m. in Rudder Theater. (G)

Sparkling water

The low rays of the late afternoon sun add an intriguing luminescence to the splashing water in the Fish Pond. When the weather becomes warmer and drier, another fountain will resume its water play. The fountain in front of the old Chemistry Building developed leaks last year.

Dance program aids awareness

United Press International CHICAGO — An innovative program in dance and movement therapy is helping adult psychiatric patients at the University of Chicago Medical Center express themselves and interact more freely with other persons.

Gina Demos, a dance and movement therapist, teaches patients to use body movements to help them become more aware of themselves physically and to interact with each other in a way that is often easier than talking to each other. Demos's lessons also help patients express their feelings and promote non-verbal dialogue.

Music chosen by the patients is played throughout the hour-long,

twice weekly sessions, which begin with warm-up exercises. They can include stretching, shaking, swinging and contracting the body's limbs.

Now you know

United Press International When Abraham Lincoln took his oath of office, five former presidents were still alive: Martin Van Buren, John Tyler, Millard Fillmore, Franklin Pierce and James Buchanan.

Spring to bring repairs

Leaks stop fountain

By TRACEY WILLIAMS
Battalion Reporter

Do not expect to see water flowing from the fountain in front of the old Chemistry Building until the weather becomes warmer and drier, said Gordon Dean, area maintenance superintendent.

The fountain, which has a shattered pump, has been off since September. Dean said it was turned off when some of the bricks around it began to rise, indicating a water leak underground.

"We didn't fix it then because we didn't know whether the problem was in the construction, where it would be the contractor's responsibility to fix it, or whether we would have to fix it," Dean said.

The specific problem has been determined since then; it is the responsibility of the Physical Plant Department to repair the fountain.

"It's just a fault of nature," Dean said. "The ground was probably shifting, and there's no way to ensure that it won't happen again."

Dean said the problem has already occurred with the fountains by the Zachry Engineering Center and the Memorial Student Center.

Since the time the Physical Plant Department has taken responsibility for repairing the fountain, the weather has not been suitable for the necessary digging.

"It's a simple repair, and when the weather breaks it will only take three or four days to do it," he said.

"It's just too cold and rainy right now, and any hole we dig will end up as a mud puddle."

Dean said that the weather has not kept the maintenance crews from doing other minor repairs on the fountain, such as the replacement of all the underwater light fixtures.
