Marathon here March 31

Runners from throughout the United States are in preparation for the 3rd annual TAMU Marathon scheduled for March 31 here.

The 26.2-mile marathon will begin at 8 a.m. at G. Rollie White Coliseum and will be run entirely on the Texas A&M campus.

Registration for the event will be \$7 in advance and \$8 for late registration. The price includes a barbecue banquet and the first 1,250

entrants will receive a free T-shirt.

Entry blanks are in the health and physical education office on the second floor of G. Rollie White Coliseum.

Runners who don't want to run the entire marathon can enter the quarter (6.6 miles) or half (13.1 miles) marathons.

Awards will be given to winners of the first three places in the quarter, half and full marathons. Anyone is eligible to enter.

Next time you're in Mexico, stop by and visit the Cuervo fabrica in Tequila.

Since 1795 we've welcomed our guests with our best. A traditional taste of Cuervo Gold.

Visitors to Cuervo have always been greeted in a special way.

They're met at the gates and invited inside to experience the unique taste of Cuervo Gold.

This is the way we've said "welcome" for more than 180 years. And it is as traditional as Cuervo Gold itself.

For this dedication to tradition is what makes Cuervo Gold truly special. Neat, on the rocks, with a splash of soda, in a perfect Sunrise or Margarita, Cuervo Gold will bring you back to a time when quality ruled the world.

Cuervo. The Gold standard since 1795.

SOLAR IS LOOKING FOR SALES AND SALES SUPPORT ENGINEERS WITH GEORGE MCLEAN'S KIND OF DRIVE.

George McLean's drive and hard-hitting approach to business has led him on a rapid rise from sales engineer to Vice President of International Operations and Marketing.

Positions with the same kind of fast-track opportunities which existed for George now exist for engineers who enjoy the challenges of direct sales contact with our worldwide customers in the exciting and expanding energy field. Assignments may range from San Diego to Montreal or from Singapore to London.

And Solar's International Operations, headquartered

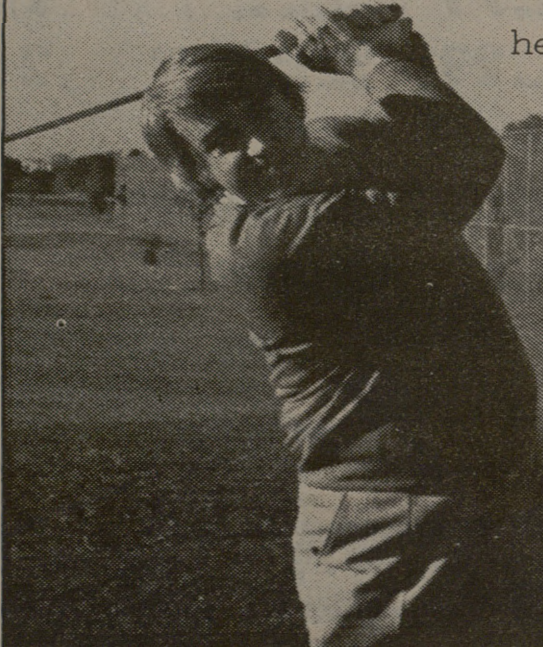

in San Diego, has other opportunities for petroleum engineers, mechanical engineers, electrical engineers, chemical engineers, physicists and MBA's. Opportunities you can expect from the leading manufacturer of intermediate-sized industrial gas turbine engines up to 10,600 horsepower.

"San Diego is one of the most livable cities," George says. "You can enjoy golf and tennis and other sports all year long."

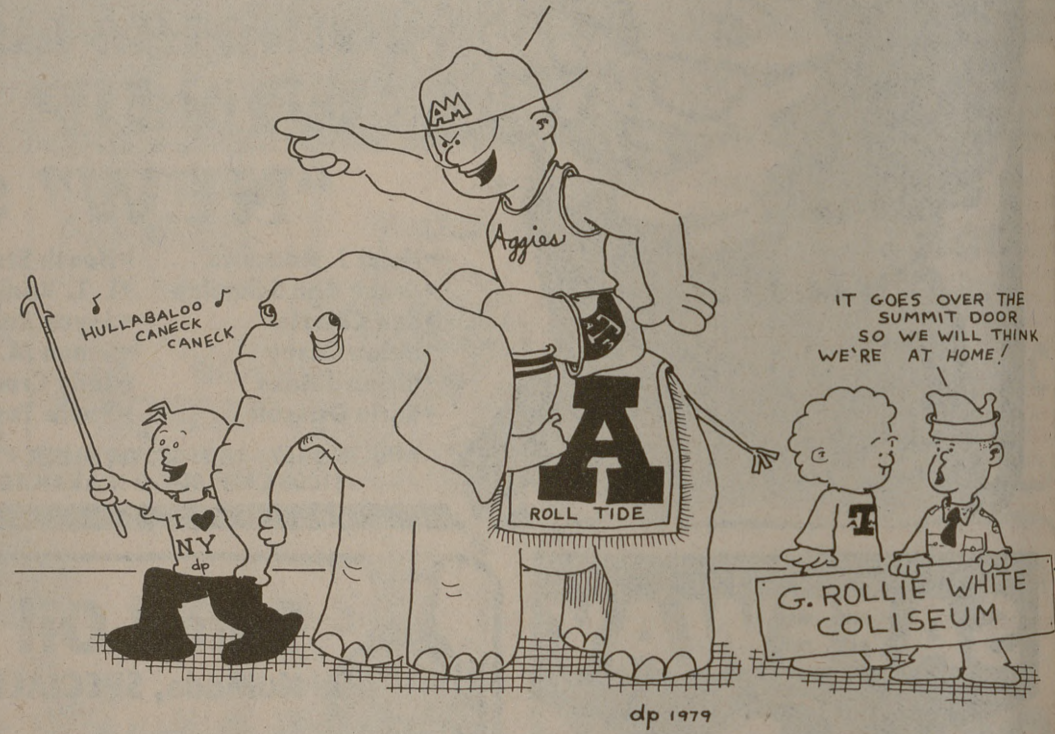

Our representative will be on campus Monday, March 19. If you have the drive for a successful career, sign up at the placement office, call Tom Graham collect, (714) 238-6027, or write in confidence to Solar Turbines International, San Diego, CA 92138. For a career that's way above par.

If it's sick to love a pen, then the world's going crazy.

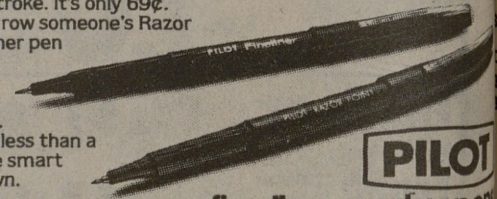

People are fanatics when it comes to their Pilot Razor Point pens. They're reluctant to give them up. And when someone borrows one, what happens is inevitable.

First, they love the way it writes. Really smooth and extra-fine. They go wild over its clever metal collar that helps keep the point from getting squish. Naturally they "forget" to give it back, although it's only 75¢.

This can be very embarrassing when they're caught in the act. Others have pocketed Pilot's Fineline pen. The one with the slightly less delicate stroke. It's only 69¢.

So if you borrow someone's Razor Point or Fineline pen you'd better be prepared to pay the consequences.

But, for much less than a dollar, you'd be smart to buy your own.

PILOT
