"Recycling in the Kitchen"

Leftover meat and vegetables can make excellent additions to homemade soups and stews. The U.S. Office of Consumer Affairs suggests that you keep a supply of plastic containers on hand for storing leftovers. Freeze them for use at a later time in preparing imaginative, economical meals. Safeway stocks a wide variety of convenient plastic bags and containers in many sizes and shapes.

Leftovers needn't be boring the second time around. An economy-minded cook regards leftovers as a challenge to creativity. Even a leftover hot dog, sliced up, can add interest and flavor to scrambled eggs or soup.
