# Stine runs for VP student services

**Editor's note:** This questionnaire was handed in too late to appear in *The Battalion's* election tabloid section (inserted in the newspaper today). Brad Smith and John Groce, whose questionnaires appear in the campaign section, are also running for Vice President of Student Services in student government.

**Name:** John J. Stine  
**Age:** 21  
**Major:** Theatre Arts  
**Class:** Sophomore, '81  
**Hometown:** Dallas

**What are your qualifications for this position?**

My judgement, and my determination in working with people are my qualifications for V.P. Student Services. I have the common sense to start a job and work until it is finished. I've worked within the Corps of Cadets in our battalion with ideas for a better and well-rounded life in the Corps. With the students on campus, news ideas are always needed, and I have an open mind to listen to the people on campus.

**How do you feel these qualifications prepare you to interact with the student body?**

Judgement is very important to interact successfully with our student body. When starting a new policy or overhauling an old one we must keep in mind that it must benefit the students. With any policy changes, problems will arise, quick responsive decisions to remedy these problems are a must. But one cannot stop there. You must have the determination to follow through and make sure the programs or policies are actually benefiting the student body.

the VP for Student Services next year?

The shuttle bus will have a thorough examination to see how we can better serve the majority of the off-campus students. Ticket distribution will be looked at to make sure students will all have a fair chance of gaining admission to the games. Extra attention must be paid to this area since construction at Kyle Field will still be going on during football season. Budget cuts are

also being looked at, and we must make sure that it will be distributed according to the needs of the various organizations on campus.

**What changes, if any, do you plan to make as VP for Student Services?**

I foresee the need for very little changes in student services. If the need arises I will do my best to make sure these changes benefit you the student.

**Why should students pick you**

over any of the other candidates?

Because I will represent you, the student, in my actions as VP for Student Services. We will have a well-rounded program next year, and want to make sure the student body will have every opportunity to enjoy and enrich your lifestyle while attending A&M. Learning doesn't just come from books and lectures, it also comes from the interactions with other students and in all our activities.

**What do you as a student owe to the student body as an elected official, and what do they owe to you?**

As an elected official, I owe you my damndest effort to make sure we have successful programs in which to learn from. I want your stay at A&M to be the most memorable in your life. I'll do my best in every way to make sure you get what you want. A howdy every now and then will be sufficient in return, thank you.

Next time you're in Mexico, stop by and visit the Cuervo fabrica in Tequila.

## Since 1795 we've welcomed our guests with our best. A traditional taste of Cuervo Gold.

Visitors to Cuervo have always been greeted in a special way.

They're met at the gates and invited inside to experience the unique taste of Cuervo Gold.

This is the way we've said "welcome" for more than 180 years. And it is as traditional as Cuervo Gold itself.

For this dedication to tradition is what makes Cuervo Gold truly special. Neat, on the rocks, with a splash of soda, in a perfect Sunrise or Margarita, Cuervo Gold will bring you back to a time when quality ruled the world.
