"Unit  
Pricing" 11

Unit pricing, according to the United States  
Office of Consumer Affairs, is one of the  
most useful tools available to shoppers for  
comparing prices and determining the most  
economical buy. Safeway, recognizing the  
benefits to customers, was one of the first  
chains to introduce unit pricing.

In Safeway, shelf labels show the price of an  
item and, breaking the price down into a  
basic unit, also show the price per pound,  
quart, ounce or other even unit of measure.  
We have done the arithmetic for you. All you  
need to do is compare the Unit Price of  
brands of the same product to help deter-  
mine the most economical brand and size.

Next week's Inflation Fighting Idea:  
"BAG IT"

together, we can be  
INFLATION FIGHTERS!

Shopping List of Inflation Fighting Ideas  
may be obtained by writing the Con-  
sumer Information Center, Dept. 6256,
