## ggies leave Red Raiders in the dark

With a show of power almost as impressive as the windstorm that forced them indoors, the Texas A&M tennis team torpedoed floundering Texas Tech 8-1, while snapping a three-game losing streak in Southwest Conference action at Lubbock Monday.

It was the second time in two days that the Aggies were faced with the prospect of trying to play in a

Given a chance to play indoors, Texas A&M coach David Kent gladly opted for a little darkness rather than try to brave the blinding dust being kicked up outside. "It might have been a little hard

for some of our players to see well inside, but it sure beat the condi-tions we had outside," said Kent. It turned out to be a fortunate

move for the Ags, as they posted their best conference performance since the 8-1 win over Baylor last

"I thought Mike Moss looked particularly sharp in the No. 3 seeded match," said Kent. "He's been hot lately and seems to be getting better with every match. I also thought Hendrick Roller did a good job against Tech. He was in a slump for quite a while, but now he's looking more like the player I know he can

"I can't say enough about how hard those two have played, especially against the tough competition we've faced all year," Kent said. "Half of the teams we play are in the

A&M has swept the doubles action. Kent said he felt his team's good showing was the result of a good team effort.

"I don't care how good your players are, if they don't think like a team, and help out each other, it's going to hurt you sooner or later, he said. "We've played several teams this year that did fine in the singles but then got beat in the doubles because their egos caused them
