You May Not Be Pictured Or Named But Thanks Just The Same

There are an estimated 42,288 students who participated in the Intramural Program in 1978-79. Many of those counted were perhaps counted several times, but it still adds up to the same total: literally thousands of Aggies joining in intramural sports for recreation and fun.

Here in the McDonald's Highlights we may not have shown your picture or listed your name. But we would like to thank you for being a part of intramurals and encourage you to join in this summer or next year. In the meantime, have a great summer and "keep on playing"!

At the Annual Intramural Steak Fry everyone received a good meal and some received coveted all-year awards. Pictured here is Mike Probst, Athletic Corporal for Squadron 2, receiving the flag for the highest point total in Corps Division. Handing out the award is Commandant Woodall

(on the left) and Lieutenant Colonel Johnson (on the right). Also pictured, in the lower right corner is Mr. W. L. "Penny" Penberthy, the originator of the Intramural program at A&M.

The Best Of The Best! Superstars!

The Superstars competition has come to an end, and amidst all the fun and games, two persons have been named the 1978-79 IM Superstars.

Cindy Grimillon competed against eight other women and won by a margin of only two points over the second place winner, Terry Harris. Cindy's 120 points is

a new record. Cindy is Fowler's team manager. She placed first in the 100 yard dash, and second or third in almost all the other events.

Steve Gill also won by a margin of two points over Mark Scott's 84 points. Steve placed first in tennis, second in the softball throw, and tied for second in the 100 yard

dash. Competition was extremely fierce as there were 29 other contenders. Congratulations to all participants for a contest well done.

Sunburn To Rain: They Still Came

There were an estimated 200 people in attendance at the hot and sunny Preliminary and Divisional Finals of the intramural track meet on Saturday, April 28. For the All-University finals on Sunday, the track was wet from the night storms. However, track records continued to be broken in spite of the weather.

In the field events four long standing records were broken. In the long jump, Jim Michels of SMF broke the 1949 record of 22'1" by 1/2". Wally Swanson of the Mulletts hurled the shot 58' 1-1/2" to break the 1967 shot put record of 57'1". In high jump, Ed Thomas of SMF broke the long, long, standing record from 1941, of 6' 4-3/4", with the new record of 6'6". Brenna Kerns of the Silver Streaks won the women's long jump and set a new record of 16' 1/2".

The Aggies should give themselves a pat on the back for overall excellence in track competition. At present the Aggies hold a possible six national intramural records and place in the top five in eleven other events. Keep up the good work, and we will see you next year at the track.
