SALES REPRESENTATIVE

Syntex Agribusiness, a leading manufacturer of animal health products, is now seeking a results-oriented sales pro to cover from the Arkansas border west to the Canadian River in Texas, and from the Oklahoma border to the Gulf of Mexico.

If you have a good track record, hold a degree in animal science, biology or related field and are truly a sales-minded professional, we want to talk with you.

In addition to an outstanding compensation program including salary plus commission and bonus, we provide a company car, expense reimbursement, and an excellent benefits program.

For consideration for this immediate position, send resume including salary history in confidence to:

Computer Science Professionals

RESEARCH AND DEVELOPMENT

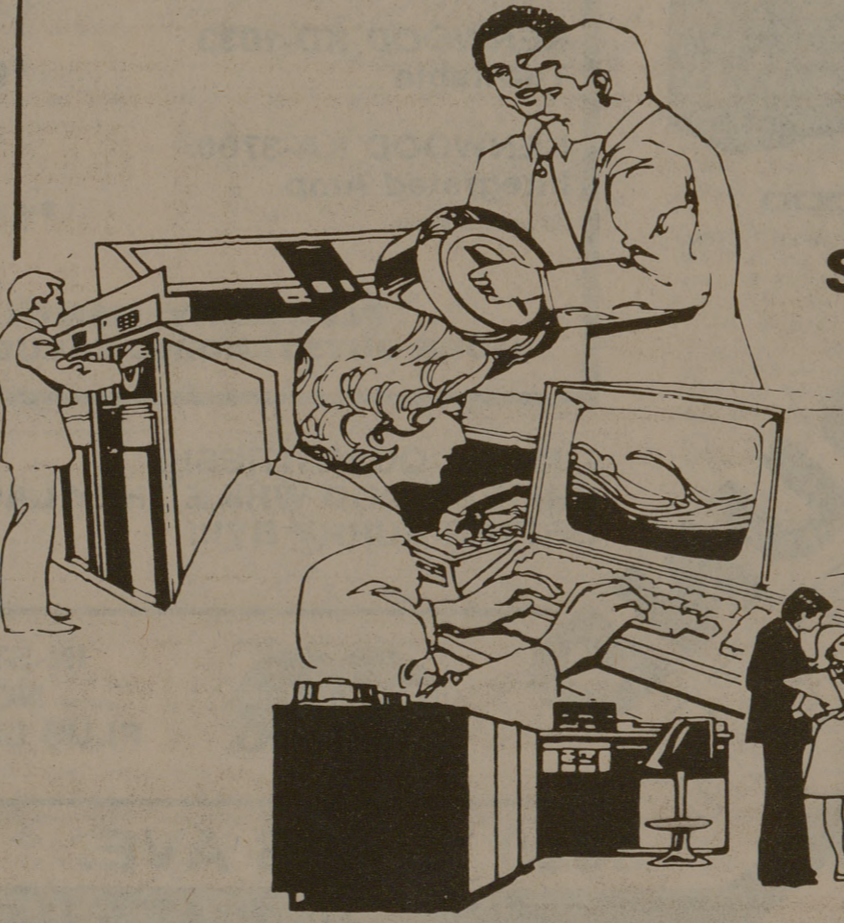

Our Data Systems Department is looking for people who thrive on solving difficult technical problems; people who would enjoy the challenge of advanced data systems project assignments in the areas of **data communications, automatic test and control systems, industrial systems, and process control.**

If you have a BS, MS, or Ph.D. in Computer Science we invite your inquiry. We have entry-level through management-level positions available. You will recognize some of the advantages of joining the staff of the Institute immediately; an opportunity to work at the leading edge of science developing tomorrow's digital system technology; a variety of challenging projects; association with one of the Country's leading teams of scientists and engineers; the chance to advance in salary and position based on your contributions.

The Institute is a broad based private engineering and scientific research and development corporation with a staff over 1700 and an annual research budget exceeding \$60 million. We offer a salary based on qualifications and a complete benefits program. Submit your resume in confidence or inquire:

Bill E. Crumlett
Assistant Director of Personnel
6220 Culebra Road
San Antonio, Texas 78284
(512) 684-5111, Ext. 2072

Now

I HAD CANCER AND I LIVED.

It's possible to go into an annual checkup feeling terrific. And come out knowing something's wrong happened to me. The doctor found what I couldn't even feel... little lump under my arm. If I had put off the appointment for one reason or another, I probably wouldn't be here today. Because that little lump I couldn't feel was a melanoma, a highly aggressive form of cancer that spreads very quickly. It's curable — but only if found in time.

So when I tell you "Get a checkup," you know it's from my heart. It can save your life. I know. Because I saved mine.

Have a regular checkup. It can save your life.
