43 tickets allotted for Tech trip

Student government passed a bill at Wednesday's meeting to allot the Memorial Student Center Travel Committee 42 student tickets and one non-student ticket to the Texas Tech-Texas A&M football game Oct. 6.

Kyle Sears, spokesman for the Travel Committee, said the committee wanted to include the student tickets in a round-trip bus service which the committee plans to offer students. The trip would include a ticket to the game, Greyhound bus service and one night's lodging at Holiday Inn, Sears said.

The one non-student ticket is for a staff adviser, who is required to go on MSC-sponsored trips, he said.

The trip fare will be \$65, not including meals. Sign-up for the service will be on Sept. 24, Sears said.

Other business at the student government meeting was the election of a new vice president of external affairs due to Jeb Hensarling's resignation.

Cheryl Swanzy was elected by secret ballot, defeating one other nominee, Lance Wright. Both are sophomores.

Student government president, Ronnie Kapavik, told meeting members they could expect to see a new sign around the MSC.

A bill passed last spring will allow a sign asking people not to walk on the grass surrounding the MSC to be put up, Kapavik said.

Student government has also made plans for a blood drive Oct. 9-11. People interested in donating blood should sign up the week before.

Other business at the meeting included discussing plans for a future food co-op, approval of committee appointments and reports from each committee.

Teen-age genius found

United Press International
DESOTO — The teen-age computer whiz whose whereabouts baffled investigators for nearly a month has been found in good condition, although he is under a doctor's care in the Dallas area, a private investigator said late Thursday.

The boy's grandmother said late Thursday, "We don't know when he (Egbert) will be home. He is in a hospital and will be hospitalized for a while."

Dear indicated the boy's parents might fly to Dallas Friday.

The young man, who finished high school in two years, was known to be active in homosexual groups

on the MSU campus.

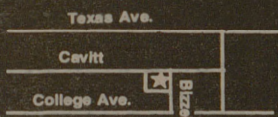

He was described as a devotee of an intellectual fantasy game called "Dungeons and Dragons," which has a cult-like following at many colleges, but Dear said the game had nothing to do with Egbert's disappearance, which was shrouded with an aura of silence and mystery from the start.

But the boy's grandmother rejected such speculation. "He was not playing a game with everybody and we never once thought so," she said.

The black sheep of Canadian liquors.

There's a breed of men with gypsy blood. Like these men, Yukon Jack is a black sheep, a liquor that goes its own way. Soft-spoken and smooth, Yukon Jack is unlike any Canadian spirit you've ever tasted. Its hundred-proof potency simmers just below the surface. Straight, on the rocks or mixed, Yukon Jack is a taste born of hoary nights when lonely men struggle to keep their fires lit and their cabins warm.
