Flight aborted after UFO chase

United Press International
VALENCIA, Spain — The pilot of a Caravelle jetliner carrying 109 passengers made an emergency landing to escape pursuit from four unidentified flying objects described as bright red spheres larger than stars.

Transportation Ministry officials Monday said the incident began when the Spanish plane was flying over the Mediterranean island of Ibiza Sunday en route to Tenerife in the Canary Islands.

The director of Valencia airport said the crew of the Caravelle described the four flying objects as bright red balls three times larger than stars and shooting sparks.

The crew said after the objects "pursued" them for some four hours, they decided to abort their long flight south to the Canary Islands off the West coast of Africa.

They said the objects peeled out of sight some 30 miles away from Valencia, on Spain's eastern Mediterranean coast.

What's up at Texas A&M

Wednesday

MUM SALES: APO will sponsor mum sales through Thursday at the MSC, Sbsa and the Commons from 9 a.m. to 4 p.m., 11 a.m. to 2 p.m. and 4-6 p.m., respectively. Mums will be delivered on campus and at off-campus distribution points.

Continental Airlines profits drop

United Press International
HOUSTON — Continental Airlines Tuesday reported a \$9.5 million loss for the third quarter of 1979, compared to a \$16.8 million gain during the same period last year.

Continental, which held its quarterly board meeting in Houston, also reported a \$2.4 million loss for the first nine months of the year, compared to \$30 million in earnings for the same period last year.

Officials blamed the grounding in June and July of the airline's 150 10s for inspection after a DC-10 crash, and the rising cost of jet fuel.

Chairman Robert F. Six said jet fuel prices had risen 61 percent in the third quarter 1978.

"This inflationary price increase cost Continental \$24.7 million during the third quarter," Six said.
