## What's Up

### MONDAY

**TAMU RELIGIOUS COUNCIL:** Will meet at 5:15 p.m. in the All Faiths Chapel.

**MSC CAMERA COMMITTEE:** Will meet at 7:30 p.m. in 301 Rudder. Joseph Derring from the Houston Chronicle will speak on feature photography.

**BOWIE COUNTRY HOMETOWN CLUB:** Will meet at 7 p.m. in 109 Military Sciences.

**TAMU SCUBA CLUB:** Will meet at 7:30 p.m. in 607 Rudder.

**COLLEGIATE 4-H CLUB:** Will meet at 7:30 p.m. in 115 Kleberg Animal and Food Sciences Center.

**ORANGE HOMETOWN CLUB:** Will meet to elect officers at 7:30 p.m. in 305 A&B Rudder.

**BRAZOS VALLEY AQUARIUM SOCIETY:** Will meet at 7:30 p.m. at the Brazos Savings Association, 2411 S. Texas Ave.

**BONFIRE CUTTING CLASSES:** Will begin at 5 p.m. each evening through Friday in the Animal Husbandry Pavilion. A cutting card is required at the cutting area.

**ECUADORIAN STUDENT ASSOCIATION:** Will meet at 7 p.m. at 380J Stillmeadow Drive.

**NATIONAL UNITY CAMPAIGN FOR JOHN ANDERSON:** Will meet at 7:30 p.m. in 321 Physics.

**CATHOLIC STUDENT ASSOCIATION:** A Bible study will begin at 7:30 p.m. and the Work Committee will meet at 8 p.m., both at St. Mary's Student Center. Night Prayer service will be at 10 p.m. at St. Mary's Church.

**TEXAS A&M WATERSKI CLUB:** Will meet at 7 p.m. in 110 Military Sciences.

**MSC POLITICAL FORUM:** Lt. Gov. William P. Hobby will speak on "The 1980 Legislature: What the future holds" at 8 p.m. in 701 Rudder.

### TUESDAY

**BIOCHEMISTRY SOCIETY:** Will meet at 7:30 p.m. in 607 Rudder.

**TYLER HOMETOWN CLUB:** Will meet at 7 p.m. in 109 Military Sciences.

**STUDENT AGGIE CLUB:** Will meet at 8 p.m. in the Letterman's Lounge, G. Rollie White Coliseum.

**MANAGEMENT SOCIETY:** Will meet at 6:30 p.m. in 105 Harrington.

**AGRICULTURAL ECONOMICS:** The club will meet at 7:30 p.m. in 108 Harrington.

**AGRONOMY SOCIETY:** Will meet at 7:15 p.m. in 103 Soil and Crop Sciences-Entomology Center.

**ENGINEERING TECHNOLOGY SOCIETY:** Will meet at 7:30 p.m. in 200 Heldenfels.

**MSC MBA/LAW DAY COMMITTEE:** Will meet at 7 p.m. in the MSC Council Conference Room, 216 MSC.

**RESIDENCE HALL ASSOCIATION:** Will meet at 7 p.m. in 204 Harrington.

**BONFIRE CUTTING CLASS:** Will begin at 5 p.m. in the Animal Husbandry Pavilion.

**SADDLE & SIRLOIN CLUB:** Will meet at 7 p.m. in 118 Kleberg.

**WILDLIFE BIOLOGY ASSOCIATION:** Will meet at 7:30 p.m. in 321 Physics.

**RECREATION AND PARKS:** The club will meet at 7 p.m. in 140A MSC.

**SILVER TAPS:** The ceremony will begin at 10:30 p.m. in front of the Academic Building. The last shuttle bus will run at 11 p.m.

**BIOCHEMISTRY SOCIETY:** Will meet at 7:30 p.m. in 607 Rudder.

# Interviews set this week for cancer research jobs

By NANCY ANDERSEN  
Battalion Staff

Students interested in cancer research may have a chance to work in this field with the Stehlin Foundation for Cancer Research.

The foundation will be on the Texas A&M University campus Wednesday and Thursday to interview students for its cooperative education program. The interviews are open to any animal science, biomedical science, bioengineering, science or pre-med major with a 2.7 grade point ratio. Students must sign up with their college co-op coordinator for interviews.

Co-op programs are designed to integrate classroom studies with work to give students experience and increasing responsibility.

This is a new opportunity for students in medical-related majors, said Steven Yates, director of Texas A&M's Office of Cooperative Education. The majority of the co-op programs are for engineering majors, he said.

Not only is the co-op program unique, but so is the Stehlin Foundation, which is based in Houston.

Most cancer research is conducted on tumors that originates in laboratory animals. However, the Stehlin Foundation is based on the idea that data from laboratory animals has only

limited usefulness in terms of treating human patients.

So all laboratory investigative work is limited to researching human cancers removed from patients and grown either in tissue culture, animals or both.

This laboratory is the first to successfully breed and use the nude (athymic) mouse, a particular type of mouse, in clinical investigations. Students will work with them in their breeding and care, transplantation of human cancers into the mice, and experimental therapy of human cancers growing in the mice.

The Stehlin program is divided into four work levels.

First level duties include: clean up and sterilization of the animal facil-

ity, care for the animal colony using sterile technique, breeding and production of nude athymic mice.

Second level duties include: the processing of human tumors, the injection of human tumors into nude mice, cryogenics and experimental aspects in studies of aging and nutrition.

Third level duties include: injecting or implanting tumors, injecting anti-cancer drugs, recording work related to chemotherapy experiments and performing microsurgical implants.

Fourth level duties include: immunology assays, experimental drug assays, tissue culture assays, radio-frequency heat testing and chemotherapy screening.

**COUPON**

**Pepe's**  
MEXICAN  
FOOD

**TACOFEST**

Tacos for only  
**54¢**

**COUPON**

Limit 10 tacos with this coupon any Mon., Tues. or Wed. in October from 5-8:30 p.m.
