ATTENTION OFF CAMPUS STUDENTS

OFF CAMPUS STUDENTS MAY PURCHASE BOARD DINING FOR THE SPRING SEMESTER.

Dining space will be available in Sbsa, Commons, and Duncan Dining facilities. Sign up for the board plan during pre-registration.

Unemployment is lowest in state

Bryan-College Station maintained its hold on the lowest jobless rate of the state in mid-September with 3 percent unemployment, according to figures released by the Bryan office of the Texas Employment Commission.
 The labor force rose to 40,600 in September as employment advanced to 35,700 and unemployment declined to 1,220 persons.
 A comparison to September 1979 reflects an increase of 1,800 or 4.6 percent of the labor force and an expansion of 1,440 or 3.8 percent in total employment.
 In comparison, the unemployment rate for Texas was 4.6 percent and the overall U.S. unemployment rate was 7.1 percent.
 The rise in non-agricultural wage and salary employment was 2.4 percent or 840 jobs. Manufacturing gained 2.6 percent over the month as both durables and non-durables added workers. Fabricated metal products, other durable goods, and printing and publishing showed growth while other sectors of the manufacturing segment dropped slightly or remained unchanged from the previous month.
 The number of persons employed in non-manufacturing rose 2.4 percent as local businesses increased their employment to accommodate the increase in customers when college students returned for the fall semester. All sectors of non-manufacturing showed growth except construction and finance-insurance-real estate.
