Awareness Day today

Today is Mobility Awareness Day. Students Concerned for the Handicapped at Texas A&M University are sponsoring activities for the day.

Following a morning rally in Rudder Tower, the organization will "take people around the campus in wheelchairs to show them the bad spots," Gary Gray, president of the organization, said.

"The purpose of the day is to express as best we can the need for access on campus," Gray said.

"The main goal this year is to show what's been done and

what needs to be done in the near future."

Students also may sit in wheelchairs to try their skills at an obstacle course from 11 a.m. to 4 p.m. at Rudder Fountain.

On Saturday the Texas A&M wheelchair basketball team will play the University of Houston wheelchair team.

"That should be a highlight," Gray said. The game begins at 6 p.m. and is open to the public. Admission is free.

The speakers for this morning's rally included: Charles Powell, assistant to the vice president of student services in

the Veteran's Office; Rodger Koppa, assistant research psychologist; and Pat Fiorra of the Intramural Office.

Fairground could be atop an oil reservoir

United Press International
ABILENE — It's not exactly a gusher but oil struck by a crew drilling a well as a public demonstration indicates an untapped petroleum deposit that could produce five barrels of oil a day from the well, an oil industry spokesman estimated Wednesday.

"Pressure (from natural gas) seems to indicate the near certainty of a virgin reservoir," said Herb Bell of the Petroleum Industry Council of the Abilene Chamber of Commerce, "so all-in-all, it

looks like it will provide money for the chamber and the county."

Because oil has been a major contributor to the area's economy, the chamber's oil industry council sponsored the project as part of Abilene's centennial celebration to show the public how an oil well is drilled.

Last Friday, after 3 1/4 days of drilling, a crew from Bandera Drilling Co. of Abilene reported an apparent oil strike at 1,867 feet at the site on the Taylor County-owned West Texas Fairground east of the city.

A lease agreement provided that 25 percent of the money from the well would go to the county and the remainder to the chamber foundation. A decision was made Wednesday to begin pumping oil from the well, but no plans for additional drilling on the 98-acre fairground were announced.

Lt. Gov. Hobby to speak at A&M about issues concerning students

Lt. Gov. Bill Hobby will speak at 7:30 tonight in 701 Rudder Tower on the issues facing Texas university students.

Hobby's appearance is sponsored by the Class of '83. A reception will follow in the Memorial Student Center.

Before his speech, the lieutenant governor will witness a pass-by and will dine with the Corps of Cadets in Duncan Dining Hall.

Here's the difference between a bank's interest-bearing checking account and ours: Ours has a \$300 minimum balance. Theirs requires more (in some cases, much more).

MoneyStore was the first interest-bearing checking account in the Brazos Valley. And it's still the best. Look at these features:

- **\$300 Minimum Balance** (not \$500, \$600, \$700, \$1,000 or \$1,200). You pay no service charges at Brazos Savings if you maintain only a \$300 minimum balance.

- **Maximum Interest — Regardless of Balance.** MoneyStore pays you 5 1/4% interest, compounded continuously, on your balance (an effective annual yield of 5.47%). Even if your balance drops below \$300, you earn maximum interest on your funds.

- **Telephone Bill Paying at No Extra Cost.** With your authorization, MoneyStore will pay some of your bills direct. Just call us, tell us who to pay, how much and when. Keep your funds earning interest until you need to pay your bills. (On telephone bill paying, we pay the postage. If we miss a due date through our error, we pay the late fee.)

- **Overdraft Protection.** Brazos Savings has automatic overdraft protection for qualifying MoneyStore customers. And it costs you nothing — until you use it.

It's easy to open a MoneyStore checking account. And we'll pay you to use it.
