Senate confirms reps, appoints executive

By TERRY DURAN
Battalion Staff
The student senate meeting Wednesday night saw confirmation of students recommended for 179 slots on 40 different University committees, as well as appointments in the Student Government executive branch.

The committees all deal with some aspect of academic affairs, student services or business affairs. A two-thirds vote of the senate is required for confirmation.

University committees coordinator Julie Walshak, whose executive branch nomination was also confirmed at Wednesday night's meeting, stressed the importance of student participation in the committees.

"It's important," she said, "to show that students do have input with the faculty members."

Applications for the positions were reviewed by Walshak, SG President Ken Johnson, 1980-81 SG President Brad Smith, executive vice president Jeff Bissey, Judicial Board Chairman Greg Hood and Off-Campus Aggies President Paul Bettencourt.

Jeff Anthony, a sophomore animal science and agricultural education major from DeSoto, was elected speaker of the senate. Mike Wolff, a sophomore agricultural engineering major from Alexandria, La., was elected as speaker pro tempore, and will preside over senate meetings in the absence of the speaker.

Cliff Walton, an engineering graduate senator, was recommended and approved as senate parliamentarian. Nicole Williams' nomination as recording secretary was also confirmed.

Executive branch positions confirmed Wednesday night by the senate include:

- Executive vice president: Jeff Bissey
- Traditions Council president: John Hawrylak
- University committees coordinator: Julie Walshak
- Communications director: Lilly Dollinger
- Comptroller of accounts: Dina Villareal
- Assistant comptroller: Mark Hackfield
- Continuing programs coordinator: Sue Vito
- Election commissioner: George Crowson
- Freshman programs director: Vicki Younger

Appointments to University committees confirmed by the senate (An * denotes an alternate committee member):

- Athletic Council**

The Sbsa Dining Hall menu board has not yet been selected.

Major stockholder wants control

Airline rejects proposal

United Press International
DENVER — Continental Airlines balked Wednesday at Texas International Airlines' bid to assume majority control and rejected a motion to allow stockholders to vote on an employees' plan to buy their own company.

TIA, which owns 48.5 percent of Continental's outstanding shares, offered a resolution at Continental's annual stockholders meeting to require a vote of the owners on the possible issuance of 15.4 million new shares of stock.

To the wild applause and whistles of an estimated 2,000 Continental employees who packed the meeting, the resolution was ruled out of order by Continental President A.L. Feldman.

Feldman said the shareholders last year gave the board of directors the authorization to issue additional shares of stock and gave the board total control over when the shares would be issued.

Attorney Phil Bakes of Houston, senior vice president of TIA's parent company, Texas Air Corp., protested the ruling, but Feldman said his decision could not be appealed.

Bakes said TIA President Frank Lorenzo, the object of scorn in posters, catcalls and statements issued by Continental employees, did not attend the meeting because he anticipated the negative results.

A statement condemning Lorenzo as "a market manipulator

without peer" was issued by Dennis Higgins, a TIA pilot and chairman of the TIA master executive council.

"We have come to this meeting at personal risk to tell you some hard truths about dealing with Frank Lorenzo," said Higgins. "We enjoy not even the elementary job protections that are standard in the industry."

Bakes responded that Higgins' remarks must be interpreted in light of current contract negotiations under way with the TIA pilots.

The Continental Airlines Employees Association, with a membership of nearly 11,000, has proposed creating a \$185 million trust with up to 50 percent of their future pay raises to buy the new stock and prevent TIA from gaining majority control of Los Angeles-based Continental.

"TIA came to this meeting knowing the shares were authorized and knowing the board had the authority to issue them without shareholders' approval," said Paul Eckel, chairman of the employees association.

"When they made their takeover bid, they never dreamed the company would find a buyer for the new shares, let alone a buyer coming to the company," said Eckel. "Now TIA wants somebody, like the Civil Aeronautics Board or the courts, to protect them."

Feldman said the board of directors had created a special committee of outside members to evaluate the Employees Stock Ownership Plan and he expected a decision within the month. He indicated board support for the employees' plan.

"The fact that the employees will perceive themselves as co-owners of the company should make Continental a much stronger competitor," said Feldman. "Continental's people, as part

owners with a voice in the company's decisions, would be the most highly motivated workforce in the industry."

In the meantime, the CAB is considering TIA's request to merge with Continental and take over the larger airline.

To complicate matters further, TIA has filed suit in U.S. District Court in Los Angeles to block the employees' stock ownership plan. Continental filed a countersuit to halt TIA's takeover bid.
