

McDONALD'S® INTRAMURAL HIGHLIGHTS

At University Drive

Now on S. Texas Ave.

At Manor East Mall

Im Game Plan

ENTRIES CLOSE: Badminton singles and Table Tennis doubles entries close tomorrow Nov. 3. Interested persons, please stop by 159 East Kyle and sign-up. Schedules for both events will be posted Thursday, Nov. 5, AFTER 2 p.m.
AGGIE OLYMPICS: The First Annual Aggie Olympics takes place Sunday, Nov. 8 at 5 p.m. in 303 East Kyle. If you are participating, start getting ready for this new, exciting and unusual form of the Olympics. If you are not participating don't fret, it's almost as much fun watching the Aggie Olympics as it is participating.
PLAY BEGINS: Racquetball doubles and Volleyball playoffs begin this week. Racquetball killshots begin screaming off the walls of East Kyle and DeWare Tuesday, Nov. 3.
PLAYOFFS BEGIN: Volleyball playoffs in Classes A and B begin today. Be sure to check your schedule today to see when you play.
ALL-UNIVERSITY FINALS: Innertube Water Basketball ends its first season this week. The All-U Finals will be played on Tuesday and Thursday nights starting at 7:30 p.m.

One team member dives as another finishes his leg of one of the many relay races during last week's All-University Swim Meet.

The TAMU Intramural Recreational Sports Department is hosting the fourth annual Texas State Intramural-Recreational Sports Workshop on November 4 and 7th. IM-REC Sports professionals from all over the state will be visiting our campus to exchange information and ideas.

1981 Fun Run

On a cool autumn morning, on a road bound for the swim farm, fifty hearty souls braved the brisk October weather to compete in the Intramural-Recreational Sports Department's annual Fun Run.
 Previously known as the Cross-Country Run, the race covered 3.1 miles of West Campus terrain starting and finishing near the Penberthy Intramural Complex.
 Capturing the Men's title in the student division, as well as being the overall champion, was Craig Wiese with a 16:18.3 clocking. The top female student was Janet Steele with a 19:36.1. Top faculty/staff runners were Roger Crockett (16:49.4) and Kay Edwards (21:32.6). Crockett edged Bob Wharton by two tenths of a second enroute to his top finish.
 In the team competition, the "Puddle Jumpers #1" won the CoRec title, while the "Team D" won the men's crown.
 Complete results are as follows:

All-U Swimming Results

E-1, Haas, and the Humanoids captured the All-University Swimming team titles in the Mens, Womens, and CoRec Divisions respectively during intense competition last Thursday evening.

E-1 used firsts in the 200 yd Medley Relay and 100 Freestyle as well as points in every other event to earn 76 points while outdistancing the Humanoids with 48 points and Gruesome with 47 points. E-1's record-setting 200 Medley team was comprised of Ted Lucas, Andy McMillen, Rick Grimes, and David Sahn. McMillen doubled back to also capture the 100 yd Freestyle.

The women's competition was the most intense of the evening as Haas Hall barely out stroked the Mac Swim Team 71-60. Haas' strength came via three firsts, two thirds, one fourth, two fifths, and a sixth while the Mac Swim Team used extreme depth in making their run for the title. The M.S.T. scored in every event with two seconds, three thirds, four fourths, one fifth and one sixth in tallying 69 points.

In third place in the Women's division was McFadden Hall with 30 points. McFadden's team was comprised solely of Cheryl Panozzo. Panozzo captured the 50 yd Backstroke and 50 yd Breaststroke in record time and capped her evening with a win in the 100 yd Individual Medley. Other Women's triple winners were Krista Roeder (Haas) in the 200 Medley Relay, 50 yd Free Style and 200 Freestyle Relay.

The Humanoids captured two of the three CoRec Relays to outdistance the Wetbacks 56 - 52. Mel Nash, Bill Miller, Shirley Hill and Joanie Hudel teamed up to win the 200 Medley Relay and the 200 Free Style Relay (new record). In individual competition Nash and Miller also set records in the Backstroke and Freestyle, respectively. Hill also set a record in the Womens 100 yd Freestyle.

The final record of the evening came in the CoRec Sweatshirt Relay as the Wetbacks (Todd Stone, Cathy Bohrer, Debbie Dick, Steve Clements) recorded a 1:08.84 in the 100 yd event.

EVENT NAME	TEAM	TIME
200 yd Medley Relay		
Men Rick Grimes, Andy McMillen, Ted Lucas, David Sahn	E-1 Corps	1:45.41 R
Women Isken Kalsi, Laura Groff, Krista Roeder, Dede Pearson	Haas	2:11.59

(T)12 Walton 3		

No More No-Shows

NO MORE NO SHOWS
 Literally thousands of people participate annually in the Individual and Dual Sports phase of the TAMU Intramural Program. With that many people involved in single elimination tournaments, it is not surprising that problems arise from misunderstanding.

Forfeits are a major problem that plagues any intramural program. We want to eliminate the high number of no-shows, so that participants get to play as much as possible.

Listed below are just a few of the reasons given for missing a match and a frustrated (but improper) response:

REASON

1. My intramural chairman (roommate, mother, etc.) didn't tell me when I was supposed to play.
2. It was raining.
3. I broke my arm so I want to reschedule my match in 2 weeks.
4. I have to play football (attend a committee meeting, go on a ten mile run, etc.) at the same time as my intramural match.
5. The Intramural Department didn't call to tell me when I play.
6. I played my match early, and there wasn't a supervisor at the court to report the scores to.
7. I need to reschedule my match, but I can't get a hold of my opponent.

RESPONSE

- Get a new chairman, roommate or mom!!!
- Get an umbrella.
- Play left-handed (or right-handed) and try to avoid breaking bones during intramural tournaments.
- Reschedule your football game, committee meeting, run, etc.
- The IM Department does not have stock in CTE, so we try to use our phones as little as possible.
- We said you could play early but we didn't say it would count.
- Play by yourself and if you lose, we'll contact your opponent.

Fortunately, the Intramural-Recreational Sports Department realizes that conflicts will occur. We try to accommodate people whenever possible, but occasionally, circumstances prevent rescheduling, such as when facilities are limited or when other individuals will be inconvenienced.

To avoid problems, adhere to the following suggestions:

1. Sign up for activities only if your schedule permits. Don't overload yourself.
2. Check your schedule personally and early. Schedules are posted in notebooks in the IM office. If a sport closes Tuesday, the schedules will be ready by 2 p.m. Thursday. Be prepared to play on Monday.
3. If there is a conflict, contact your opponents and try to find 2 or 3 times that are convenient for all people. Then contact the IM Office and notify Paula of the reschedule. In the case of racquetball/handball, there are very few open courts. You can

only reschedule if courts are available or you play in a private facility.

4. If the weather is questionable, call the IM office or stop by AFTER 4 p.m. on the day you play. They will give you the day that matches will be

replayed. Reschedules may be played TWO days later. It is your responsibility to check with the office within 24 hours for this information.

5. If you cannot reach your opponent (please try more than once), contact Paula immediately. This should be 48 hours before your match is to be played.

6. If you play your match early, you must fill out a score report form. This is available in the IM Office. It is the winner's responsibility to turn the scores in within 24 hours after the match was played.

7. And finally, if you have ANY questions, please call and ask.

Thomas Ratliff "pumps iron" during the Intramural Weightlifting Contest. Thomas is our McDonald's® "Be Our Guest" winner this week. He can pick up his free meal card in the Intramural office.

Man Against Metal

MAN AGAINST METAL
 Last Monday evening, the Intramural Department pitted man (and woman) against metal in the IM Weightlifting Contest. Competing in the Bench Press competition, 17 participants test-

ed their strength in various weight classes. Participants were able to win not only by the amount of weight pressed, but also by the percentage weight of their own body weight they were able to press.

However, for the first time in the competition, the winner for total weight and percentage weight was the same person in every weight class.
 Complete results follow:

Division	Name	Lift	% Body Weight
125 lbs & Under	Kay Edwards	165 lbs	136%
150 lbs & Up	Dana LeMoine	180 lbs	117%

Division	Name	Lift	% Body Weight
150 lbs & Under	James Nakayama	245 lbs	167%
151-175 lbs	Mike Hiller	355 lbs	206%
176-200 lbs	Michael Altimore	275 lbs	153%
200 lbs & Up	Robert Windsor	450 lbs	190%
