Male inmate wants sex change surgery

United Press International
MADISON, Wis. — A 47-year-old inmate at the Waupun State Prison wants a sex change operation and has filed suit in federal court to get the state to pay for it. Sundrea Dawn Peterson, formerly known as Ernest Peterson, said Wisconsin is denying him adequate medical care by denying him the operation.

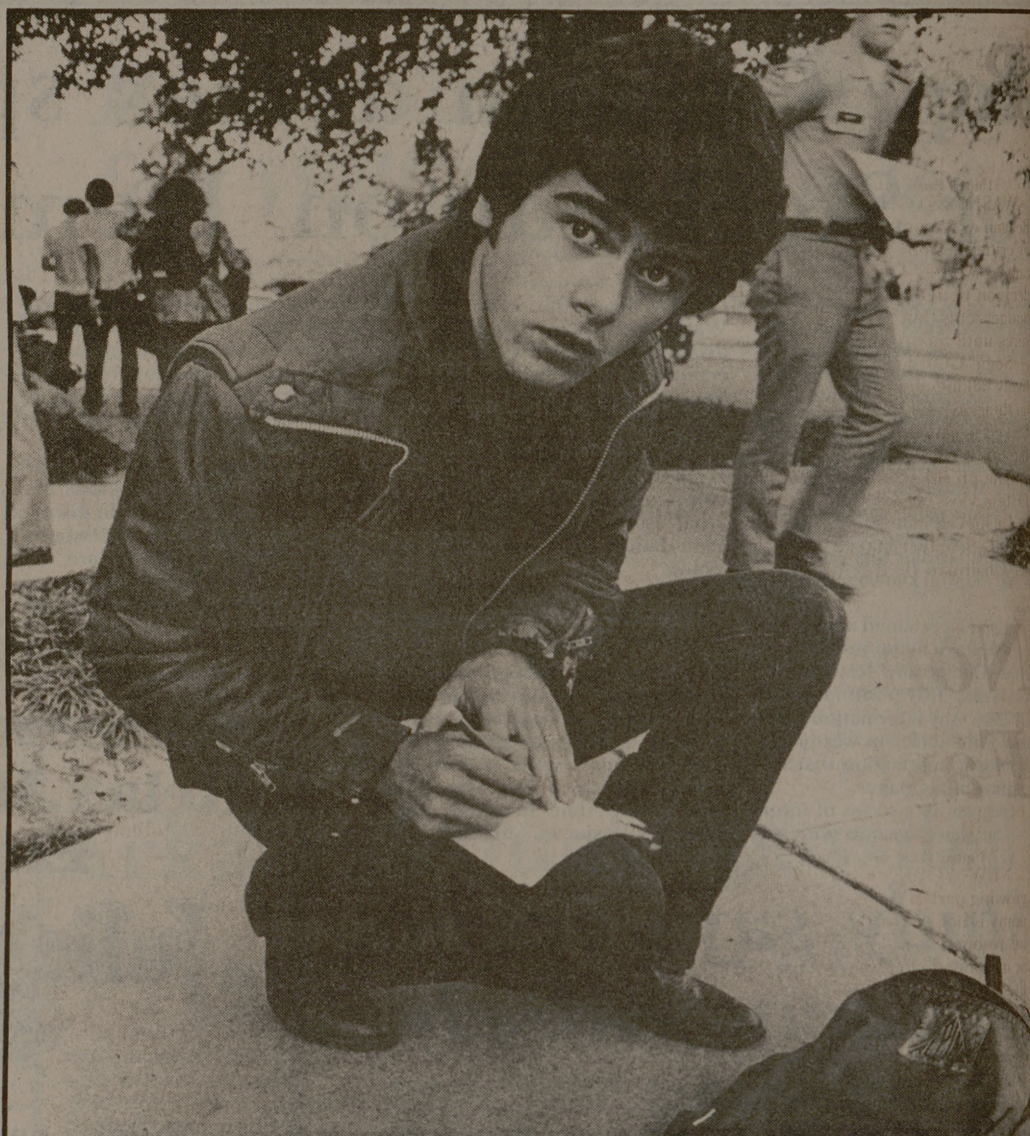

In a suit filed in federal court he said he has had a "sexual identity problem since childhood."

In 1978 the State Division of Corrections said it would not permit sex reassignment surgery for someone who is imprisoned. But Peterson says he is receiving hormone therapy because of his sex identity problem.

Rowdy fraternity cited for racial slurs

United Press International
PHILADELPHIA — A University of Pennsylvania fraternity with a history of rowdiness has been disbanded despite protests from the frat president that members have "made a real effort to behave themselves." Penn officials have cited Kappa

Sigma — one of the Ivy League school's largest fraternities — for turning up at a Halloween party dressed in Ku Klux Klan costumes and making racial slurs to black students. The fraternity, most of whose members are athletes, was placed on suspension in February 1980.

Really rough test

Poaching ring busted; no more spare bear parts sold to Asians

United Press International
LOS ANGELES — A black market ring of poachers and retailers have killed as many as 200 black bears in the past year and sold the gall bladders, claws and paws of animals to Asians for medicinal purposes according to Fish and Game officials.

A seven-month undercover investigation resulted in the arrest of one man Tuesday and the issuing of arrest warrants for several others, said Warden John Dawson.

The unidentified man who was arrested is charged with "buying and selling bear parts" —

a misdemeanor carrying a maximum \$500 fine and year in jail.

An average three-ounce gall bladder sells for about \$100 an ounce, Dawson said. The organs, sold mostly to Koreans, are dried and eaten under the impression they will give a person longer life and more courage.

Jordan's Hussein found healthy

United Press International
HOUSTON — Jordan's king and queen are in excellent health, doctors at Methodist Hospital report.

King Hussein and Queen Noor underwent extensive physical examinations Tuesday and both were pronounced fit. The couple left the hospital late Tuesday.

The royal couple arrived in Houston Monday as part of a visit to the U.S. that included two days of talks with Pres. Ronald Reagan last week. They plan to return to Jordan Thursday.
