Dear Graduating Aggie:

I would like to take this opportunity to congratulate you on your academic accomplishments and forthcoming graduation. Your formal education will soon be completed and many of you are actively engaged in the process of evaluating your career options. This process can be time consuming and often confusing and frustrating.

For those of you who are considering a career in the information processing industry, I would suggest a visit with our Employment information Team when they visit A&M on January 26th. This group of Technical and Marketing Managers, from locations throughout the U.S., will be happy to answer your questions concerning employment opportunities.

In addition, you will have the option of scheduling a formal interview with the locations of your choice at that time. This is a new concept and I hope you take advantage of it. Formal interviews will be conducted at the same location on February 9th.

Bring your resume (and a friend) to the MSC-Room 212. We'll be there from noon until 8:00 p.m. on January 26th. Come casual, refreshments will be served.

If you can't make it on the 26th, our schedules will be available, until filled, in the Placement Office, 10th Floor, Rudder.

I look forward to visiting with you.

Very truly yours,

C.F. Cammack, Manager
College Relations and Recruiting
