

Texan lost in Rockies reported safe, healthy

United Press International
DENVER — A 42-year-old Texan who was the object of an extensive search in the Colorado Rockies in December is alive and well, his daughter says.

If that is true, the Chaffee County sheriff's office in central Colorado would like to talk to Bobby Lee Wood of Abilene. The sheriff's office spent a lot of time and money trying to find Wood.

Wood led a group of ROTC students from Hardin Simmons University on a snowshoe expedition into the mountains west of Buena Vista in December. After helping the group set up camp, Wood left without telling anyone.

Two helicopters and numerous ground units searched for Wood for a week, but finally gave up the effort Dec. 11.

Denver Post reporter Pat McGraw, in a story in Monday's edition, said he talked Sunday night on the telephone with Wood's daughter in Abilene. Denise Wood, 18, said she met with her father last week and he was well and healthy, McGraw said.

Miss Wood said her brother, Scott, 19, and mother, Jolene, also met Wood at an undisclosed location. She refused to discuss her father's whereabouts or why he had disappeared.

An important message to every graduating senior regardless of field of specialization.

If you've been seriously considering a career in programming, now is the time to talk to ARCO Oil and Gas Company in Dallas.

Your degree and at least six hours of computer courses are the keys to our informative, comprehensive training program. This is not "on-the-job training." This is a formal training program that will provide the knowledge and tools you need to become a top-notch programmer... within a fast-growing division of Atlantic Richfield Company.

You will enjoy working in a professional environment with ready access to one of the largest, most sophisticated hardware installations in the country.

You'll have the opportunity to move up fast in a systems/programming department that offers clear-cut career paths to more responsible advanced programming, systems analysis and/or management roles.

Salaries and benefits are fully commensurate with education and experience. For more details on the future you'll enjoy with one of the nation's top ten energy companies, sign up at your Career Counseling and Placement office for an interview with our representative who will be on campus this semester.

Please bring a copy of your transcript to the interview.

ARCO Oil and Gas Company
Division of Atlantic Richfield Company

An equal opportunity employer
