### **Rudolf Steiner: THE SCIENTIST Three Introductory Lectures by Diethart Jaehnig**

The scientific theories of Goethe demand the exploration of forces in the realm of natural science which the five senses cannot perceive directly. Rudolf Steiner developed methods for studying and even observing these forces and their interaction.

Placer County Sheriff's Chief Jim Webber said three bodies were uncovered near the Alpine Meadows resort.

Authorities said two people were injured in the avalanches at the first of the avalanches to juries was not known.

Webber said one avalanche storage building into the main lodge of the Alpine Meadows re-sort, smashing windows and a portion of the wall.

Rescue workers and dogs searched the snow at the 7,000-foot-high resort for survivors but the mission was called off after several hours as the bliz-Nearby residents were zard became worse and to ordered to evacuate their homes lanche danger increased. zard became worse and the ava-

"We are moving out our per-sonnel because of the danger of other avalanches," said Sgt. Keven Besana of the Placer County Sheriff's Department. A supervisor at Tahoe Forest Hospital in Truckee said the facility had been alerted to re-

ceive as many as 20 victims. Authorities also learned Wednesday night there had been skiers on the slopes and lifts when the avalanches struck Earlier, it was reported skiing had been canceled for the day at the popular resort because of the bad weather, but maintenance workers and other employees were on the job. "We were told the lodge was

closed due to poor road condi-tions," Webber said. "Now we are told people were skiing on hills and were on the lift. We really don't know what we have now on the number of people who were in the area." A second slide buried cars in

the parking lot of the resort.
