Softball team hosts Aggie Invitational this weekend

It's a small tournament, but Bob Brock says that doesn't mean it's going to be an easy one.

Brock and the Texas A&M women's softball team host the four-team Aggie Invitational today and Saturday at Travis Park in Bryan. The tournament, a double-elimination touney, includes Sam Houston State, Min-

nesota, South Carolina and Texas A&M.

The Lady Bearkats have the top record of the four teams, bringing a 26-1 mark into the tourney. Texas A&M has a 25-3 record, while South Carolina is 21-3 and Minnesota is 5-6.

But Brock says Minnesota's record may be deceiving.

"From looking at the four teams' records, it's going to be a good tournament," Brock said. "We've been working on our hitting all week. We should be ready with basically the same team we've had all season. We're going to give it all we've got. All three of the other teams are going to be good — even Minne-

sota's good with that 5-6 record."

Shan McDonald, with a 12-2 overall record and a 0.43 ERA, will start Aggie's first game against Minnesota at 1 today on Field C at Travis. Texas A&M will then play SHSU at 3 on Field B, South Carolina at 6:30 on Field B and Minnesota again at 8:30 on Field C.

Safety considerations for the 500 participants in the Texas Triathlon here Saturday will result in traffic control procedures being placed in effect around portions of the College Station East Bypass. These measures include the closing of the service road on the east side of the bypass from the University Drive to Briarcrest Drive.

Triathlon.

Three-sport event slated Saturday

Triathlon coordinator Tom Weis of Texas A&M University's Health and Physical Education Department said city officials and police in both Bryan and College Station are cooperating in the effort to insure that runners and bikers in the event can perform under the safest possible conditions.

"We have received tremendous support and cooperation from officials in both cities," Weis said. "We are most appreciative of them and request the understanding of motorists who might be slightly inconveni-

enced."

In addition to the closing of a section of one of the two service roads on the East Bypass, motor traffic will be reduced to two lanes on Briarcrest from the east intersection of the East Bypass to the Brazos Center.

Bryan and College Station police officers will be stationed at intersections along the East Bypass from University Drive to Boonville Road.

The Texas Triathlon, jointly sponsored by Texas A&M's Extramural Sports Club Association, Bryan-College Station Chamber of Commerce and Schlitz Brewery, will include swimming one kilometer, run-

ning 10 kilometers (6.2 miles) and cycling 30 kilometers (18.5 miles).

The event is attracting participants from throughout Texas and several other states.

The triathlon will begin at 7:15 a.m. with swimming events at Wofford Cain Olympic Pool, upon completion of which participants will run to the Brazos Center and then go into the biking event.

With several different starting times and because of logistics considerations at the swimming pool, runners and bikers will be on the course from early morning to mid-afternoon, Weis said.
