

## Campus Names

Dale Spitz, a graduate student in the Urban and Regional Planning Department at Texas A&M University, was elected as National Vice President of the American Planning Association - Student Chapter.

Spitz, 24, is currently working on his Master's Degree in Urban Planning. He received his undergraduate degree in political science at Southwest Texas State University. Spitz has been active in APA activities and currently the Secretary-Treasurer of the Association of Student Planners at Texas A&M.

His duties as Student Vice-President, in the 25,000 member organization, include serving a two-year term on the APA National Education Development Committee, chairing several national committees and planning activities for the 1983 National Conference to be held

in Seattle.

The annual Chemistry Department Undergraduate Awards Banquet, sponsored by the Undergraduate Chemistry Club, was held Tuesday. The following awards and scholarships were presented to the students by Dr. John L. Hogg, advisor to the chemistry club, and Dr. Joseph Natowitz, interim head of the chemistry department.

James T. Snow, a graduating senior, received the award as the outstanding undergraduate in the department. This award consisted of a \$100 check and a certificate. He also received the American Chemical Society Leadership Award, a \$50 check, presented by the Texas A&M section of the American Chemical Society for his contributions as president of the undergraduate chemistry club.

Seniors Kelly A. Holley and Mary A. Mills received \$50

checks and certificates as chemistry department achievement awards for outstanding scholarship in chemistry. Holley also received the Merck Index Award, an engraved copy of the Merck Index, as an outstanding graduating senior going to medical school. Mills was recently honored at a banquet given by the Texas Institute of Chemists as an outstanding senior chemistry major. Two juniors, Daniel J. Merki and Gregory B. York, also received achievement awards.

Edward P. Southern, a senior, received the Hugh E. Mclean Jr. Award, a \$200 check, given to a graduating senior who has overcome financial difficulties while maintaining an excellent academic record. Qui Bui, a junior, was presented a \$500 minority scholarship sponsored by Dow Chemical to encourage minority enrollment in chemistry.

## Woman wins suit against skin-Flynt over pig picture

AUSTIN — A federal jury has ordered pornographer Larry Flynt's Chic magazine to pay a lockhart woman \$95,000 for printing a picture of her and a swimming pig in a 1977 edition of the magazine.

Tuesday's decision by the four-man, two-woman jury ended the second trial in the case brought by the pig's trainer, Jeanie Braun, and her husband Ed, a deputy sheriff in Caldwell County.

An earlier jury deadlocked on a verdict and the case had to be retried.

"The world is changing," Mrs. Braun said. "People are becoming more liberal. We live in a small town; we don't get into the city very often. I wanted to find

out if people still had the value and morals we do."

The suit was prompted by the magazine's use of a publicity photo from Aquarena Springs, a San Marcos resort where Mrs. Braun had performed a swimming act with Ralph the pig.

The Brauns contended that Flynt's magazine got permission to use the picture by misrepresenting itself as a men's fashion and travel magazine.

The photo ran in the magazine's "Chic Thrills" department and showed Ralph diving towards an oversized baby bottle held underwater by Mrs. Braun.

Although the picture displayed no nudity, Mrs. Braun said it was defamatory because it appeared in a magazine that features nudity and off-color jokes.

Some Body by  
Mainstream  
28.00 to 31.00

Mainstream offers constructed and unconstructed styles in many pretty prints. You can have a choice of leg looks in the adjustable, boy leg, or shirred leg.

# BECOME AN ENGINEER

If you have a college degree or are presently a senior/graduate student in a technical field, you may be eligible for a special Air Force Engineering Scholarship.

- Fully paid program - tuition, books, lab fees and second lieutenant's pay and allowances while attending school.

Course Requirements

- Degree, preferably technical - Mathematics, Physics, Chemistry, Computer Science, etc.

Mathematics

- One year college calculus
- One course in differential equations or equivalent

Science - 16 semester hours

- One year college physics
- Chemistry, Biology

Humanities/Social Sciences - 16 semester hours English, Economics, Sociology, History, etc.

- Overall GPA must be 2.5 or better on 4.0 scale

Personal Requirements

- Be at least 20 and not more than 30 years of age
- U.S. Citizen - physically qualified
- Pass Qualifying Test - good moral character
- Upon acceptance you would be required to attend Officer Training School (OTS) and graduate as a second lieutenant in the Air Force
- Upon completion of OTS you would attend an Engineering School for 18 - 24 months and earn an Engineering Degree accredited by the Accreditation Board for Engineering and Technology (ABET).
