

Gramm wins over Teague in primary

In Saturday's primary elections, Democratic Congressman Phil Gramm, a leader of the "boll weevil" caucus that supported President Reagan's tax and budget cuts, survived a challenge from John Olin "Jack" Teague. Gramm picked up 30,201 votes or 61.6 percent in the race; Teague got 14,083 votes, or 28.7 percent. Wayne Sadberry and Rex Carey received the remaining 9.5 percent of the votes.

Anxious candidates were forced to wait hours for election results because of delays at the Texas Election Bureau. The Bureau blamed the slow returns on computer problems.

The Election Bureau, which for years has provided returns from state elections, normally reports thousands of votes from around Texas in the first hours after the polls close at 7 p.m. On Saturday night, only scattered returns were available more than 2½ hours after the voting deadline had passed.

Mark White and Buddy Temple are expected to compete in the Democratic gubernatorial runoff election June 5.

Brazos County vote totals in the race are as follows:

Mark White, 4,360; Bob Armstrong, 2,269; Buddy Temple, 1,755; David Young, 131; Ray Mayo, 71; and Donald Beagle, 63.

Statewide election results as totaled at noon Sunday are:

Governor

Democrat
Mark White 498,200 — 45.3 percent
Buddy Temple 337,102 — 30.6 percent

Oilfield theft focus of May's program

During May, the Texas Crime Stoppers Advisory Council is focusing its statewide "Crime of the Month" program on oilfield theft.

Since Texas' oilfields were

robbed of \$30 million to \$50 million worth of oilfield equipment last year, this type of theft is causing serious problems statewide. In addition, these losses push the cost of pumping oil —

and the cost of oil — is the salient issue. Items are often another state where they are stripped of serial numbers. Thus, the 70 percent of the original owners.

The industry is attempting to fight theft with reward systems and better detection methods. Gov. Clements and the Legislature have also implemented a program to stop the growing oil crime wave.

Anyone having information about oilfield theft should call the Crime Stoppers at 1-800-252-TIPS. Rewards are available for information leading to the apprehension of oilfield thieves. Advertisers will not be asked to provide their names, but will be given a unique code number for identification purposes.
