

GOP commercials using Carter, Tip O'Neill look-alikes cancelled

United Press International
HOUSTON — Republican television advertisements using look-alike actors in unflattering portraits of House Speaker Thomas O'Neill and former President Carter will no longer be produced, the White House says.

Announcing a halt to the ad campaign for which he said \$2.6 million was allocated, Rollins explained, "They just didn't say anything."

He said only those who follow politics closely would recognize the actors as portraying O'Neill and Carter.

O'Neill said Wednesday that the ads' assertion Reagan inherited the recession was a "bogus claim."

He said ABC and NBC had refused to air the ads without verification for the claim that the Democrats left Reagan with the recession. CBS refused on the grounds that it was too early in the congressional campaign to show advertisements.

Bad news is good for space shuttle, astronaut claims

United Press International
HALIFAX, Nova Scotia — A space shuttle astronaut says diplomatic setbacks around the world have helped create an excellent political climate in the United States for continued development of the reusable spacecraft.

Col. Gordon Fullerton, kicking off a tour of eastern Canada with fellow shuttle pilot Col. Jack Lousma, said Tuesday that the two had found almost unanimous support for the shuttle program at a recent meeting with U.S. congressmen.

But he agreed the shuttle was unbeatable as a launch vehicle and said "we plan to use it for military payloads as well as civilian."

Matthews, who saw the ads aired by local affiliates in Washington, called them "the desperate kind of thing you do in a campaign when you're losing — you throw mud."

Rep. Tony Coelho, D-Calif., chairman of the Democratic Congressional Campaign Com-

Pan Am initiates new airfare war

United Press International
MIAMI — Another full-scale airfare war has erupted with Pan American World Airways slashing ticket prices between Florida and a number of major American cities.

Pan Am's move was sure to delight travelers, but angered officials with other carriers.

"Oh, for Pete's sake," said Jim Ashlock, a spokesman for the Miami-based Eastern Airlines when he heard about Pan Am's actions. "How can anybody do a thing like that in this environment the airlines are facing?"

Eastern matched Pan Am's prices, anyway.

PAIN IS THE WARNING SYSTEM OF YOUR BODY
WARNING!
8 DANGER SIGNALS

1. Headache
2. Stiffness of neck
3. Pain Between Shoulders
4. Painful Joints
5. Backache
6. Pain in arms or legs
7. Numbness in hands or feet
8. Nervousness

EVERYBODY HATES PAIN.
So instead of listening to their bodies, many people's first inclination at the sign of an ache or pain is to take a medication to cover it up. This is like turning off a fire-alarm without making an attempt to put out the fire.

LISTEN TO YOUR BODY.
Pain is important to your well-being. It is nature's early warning signal, a life and death message relayed through your nervous system that tells you when something is wrong. As such, pain is merely a symptom and not the cause of most health problems. Therefore, the sensible approach to health is not to merely turn off the pain (or treat the symptom), but rather, to find the causes and correct them.

If you suffer from one or more of the 8 Danger Signals, you shouldn't just ignore them. Although you might "tough it out" and the severe pain may eventually go away, you could be left with permanent, irreparable damage that might show itself later as another, more serious health problem.
