It's a Doggie Day World

IT'S GREAT TO BE BACK AT SCHOOL. RIGHT GUYS!

cuts pension

United Press International
FORT WORTH — Federal
pankruptcy judge John Flowers
pave bankrupt Braniff Internaallow purchase of annuity conmarking to reduce September pentracts from private insurance ment. executives.

Braniff is seeking to divest tself of pension liability for re-ired pilots and executives as ell as union plans for machin-s and Teamsters, and had ked to cut September pay-

sked to cut September pay-nents to keep from further de-leting pension funds.

Though the pilot and execu-ve retirement plans are receiv-ing more funding than the un-on programs, Flowers said he ased his decision on financial ed of pension recipients.

Braniff had asked Flowers' rmission to terminate the ns retroactive to May 12, the y the airline stopped operat-s, and asked that the plans nich could reach \$60 million turned over to the Pension Benefit Guarantee Corp., which nsures federally backed penn plans. Meanwhile, Pension Benefit

parantee Corp. officials have reed to allow rare hearings th Braniff retirees on the posed termination of Braff's pension liabilities.

Agency spokesman Joel Greenblatt said the plans for retired managers and pilots may have enough money in them to allow purchase of annuity contracts from puivate insurance.

U.S. District Judge Eldon Mahon earlier denied a request by retired Braniff pilot W.P. McDonald to bar Flowers from ruling on the pension cut re-

## $\Delta T \Delta$ FALL RUSH

Wear aggies The flotation tank has been proven by Julas aggies to: eliminate tension headather; relieve ellam "jitters" and study anxieties; produce more creative, imaginative, and individual ways of expressing oneself. verbally and in writing; improve tremendrusty ones abilities in any sport, e.g., allow yn to relax after running or jorging, then be able to increase speed, distance, and stamina on your next outingle); energing yourself; free your mind from distractions; concentrate or focus with little effort; livisualize; improve memory retention; quit bad habits; relieve and speed recovery of muscle aches, sprains, and bruises; relieve or eliminate many gravity-aggravated problems-such as backaches, "secretaries' back", and keypunch neck; allow you to more effectively meditate or contemplate; use

self-hypnosis, positive self-programming, affirmations; find your "self"; orient your "self"; direct yourself; and to enjoy your self. These are bjust a feed examples.

Please, do not mistake the concept of the flotation tank for a "me" machine idea that faddishly comes and goes.

Dhe future of education is inextlicably linked with the potential uses of this device. Relaxation learning works. I found and recognized the benefits for myself four years ago. I am responsible for bringing it here for abgles, so they would have a crack at exploring it relatively early in its popular development. The tank works. Begin to use it now it will work for you throughout your education -

Sincerely yours, John moran 63
