Running for charity

staff photo by David Fisher

Corps members Paul Hastings (left), a senior from San Antonio, Jessie Little (center), a sophomore from Dallas and David Smith (right), a sophomore from New Orleans, try to talk Mary Williams, a junior from Amarillo into

running in the Jog-a-Thon for Muscular Dystrophy. Sponsored by the Corps of Cadets, the charity event begins Sunday at 8 a.m. at G. Rollie White Coliseum. The three-dollar entry fee goes to help fight muscle diseases.

Texas car insurance to rise 14.8 percent

United Press International
AUSTIN — The State Board of Insurance Tuesday approved a \$262 million increase in automobile insurance premiums, reversing a request from the insurance industry for a rate boost more than double that amount. Citing a higher incidence of traffic accidents and the rising costs of auto repair and medical care, the industry's trade group asked for a 33.2 percent increase that would generate \$584 million in additional premium revenues.

However, the board approved a rate increase of only 14.8 percent.

The cost of a no-frills insurance package will increase \$50 a year for a Houston driver, \$39 for a Dallas driver and \$33 for a driver in San Antonio.

Those figures are based on premiums paid for basic liability coverage, \$250 deductible collision and \$50 deductible comprehensive.

Central to the case was the amount of pre-tax profit the companies would retain from each premium dollar and the prospects for investment revenues in the future.

The insurance board staff recommended that the companies should be allowed a pre-tax profit of only .26 percent. The in-

urance companies had argued for the reinstatement of a profit allowance of 5 percent.

The board reduced the profit allowance from 5 percent to 1.8 percent in 1981 because of the large investment income being earned by the companies.

The board's decision to reduce the profit allowance further to .26 percent reflects its belief that investment income will grow despite declining interest rates.
