Just a little off ...

Donald Nystedt tunes the piano in the MSC lounge. Nystedt and son Marc operate Nystedt Piano Service of Bryan and have been the official piano tuners for Texas A&M for the past 12 years. Nystedt explained that they had recently replaced some broken strings from the piano and since new strings tend to stretch, it is necessary to check the tune frequently.

Clubs should apply now

Group recognition urged

by Michael Larkin
Battalion Reporter
All campus student organizations are urged to apply for recognition this month. Director of Student Activities Dr. Carolyn Adair said groups can apply for recognition anytime during the year, but groups applying now can enjoy campus

facilities immediately. She said this mainly applies to last year's 528 student organizations that need to be re-recognized. Benefits and facilities available to student organizations are outlined in a publication put out by the Student Activities Office entitled "The Procedures Manual for Student Organiza-

tions and Advisors." Benefits range using the Texas A&M University name using mail, banking and telephone facilities in the Memorial Student Center. The Student Activities Office has simplified applications for recognition, Adair said. A group seeking rerecognition only

needs to fill out a simple card which lists the officers of the organization and the person responsible for paying the organization's bills. New groups wanting recognition must complete two additional forms: an application for recognition and a constitution outlining the purpose of the organization.

Aggie runathon benefits MDA

by Lisa Macan
Battalion Reporter
The Corps of Cadets will sponsor an Aggie Runathon Sunday starting at 8 a.m. The runathon, which is being held in conjunction with the Jerry Lewis Labor Day Telethon, will be held on the east and west sides of campus. It will consist of three events: a 6.5 mile run for persons 17 and under, another 6.5 mile run for persons 18 and over and a 3.1 mile run open to all ages. Trophies will be awarded to the first three finishers in each event.

All proceeds will be donated by the Corps to the Muscular Distrophy Association at the telethon Monday. The coordinator of the runathon, Bud Hughes, said he expects the event to raise \$500. Hughes said 75 people registered during the first half of this week and he said he expects 75 more to register by Sunday. He encourages the public to come run for those who cannot.

The Texas A&M International Programs Office

is developing a resource list of qualified individuals in foreign language skills to address future language needs of Texas A&M University faculty and staff. This list will be used to coordinate individual faculty requests for language training, translating, or interpreting with persons interested in offering such language capabilities. People interested in working in this capacity for an hourly wage should call the language facilitator's office between 9:00 a.m. and 4:00 p.m. (845-2495 for Spanish or Portuguese / 845-2486 for French or any other modern language)
