## Carter doesn't favor Kennedy

United Press International ATLANTA — Former Presi-dent Jimmy Carter, now a col-

coming 1984 presidential elec-tions during his first session with undergraduate political science

support for Ted Kennedy,"Cater said, of his challenger in the 1980 presidential primaries.

lege professor at Emory University in Atlanta told students
Wednesday he would find it difficult to support Sen. Edward
Kennedy for the Democratic presidential nomination.

The former president touched on subjects and questions ranging from the Middle East, Social Security and the upcoming 1984 presidential electors.

1980 presidential primaries.

"People tend to be attracted him because of his appearant because of his appearant because of his appearant bims speaking ability," Care said. "But when the people thim about do they want him in official making decisions in a crisis situation, I doubt very seriously the would give him the majority of the votes."

coming 1994 presidential elections during his first session with undergraduate political science students.

Carter plans to deliver lectures twice a month to undergraduate classes as well as to law and the plant graduate students.

Carter told a capacity crow of students, faculty, and members of the community Wedner day that his Emory professor ship marked the realization of lifelong ambition. But he quarter told a capacity crow of students, faculty, and members of the community Wedner day that his Emory professor ship marked the realization of lifelong ambition.
