United Press International
NEW YORK — Women from all walks of life are on the run.

A record number — more than 6,000 — entered a recent 6.2-mile marathon in New York's Central Park. Forty percent of them had never before completed in a race that distance, says race director Mickie Miller.

Forty-five hundred finished, led by Norway's Grete Waitz, who took her fourth straight title.

The runners ranged in age from seven to 71, said the director on the 1982 L'Eggs Mini Marathon.

Nearly three-fourths of the entrants were in the 20-to 39-year-old age bracket, 217 were under 16 and 260 were 16 to 19 years old.

Actress Gaynor critical but stable

United Press International
SAN FRANCISCO — Actress Janet Gaynor, in critical condition with injuries from a traffic accident, also is suffering from infection and liver and kidney problems, a hospital official has said.

"She had been improving and was listed in serious and stable condition, but yesterday (Monday) afternoon the doctors saw signs of infection and complications and placed her again on the critical but stable list," hospital spokeswoman Leslie Longaas said Tuesday.

She said Gaynor, 75, has an infection and liver and kidney problems that have placed her on the critical list. She was listed in critical but stable condition Wednesday.

She said Gaynor — whose performance in "Seventh Heaven" earned her the first Academy Award — developed an abdominal infection and was being treated with antibiotics.

"There are also problems with her liver and kidney functions, and she's still on the ventilator to help her breathe," Longaas said.

Robert Cato, 36, pleaded innocent Monday to manslaughter and drunken driving charges in the accident that injured Gaynor, Broadway star Mary Martin, producer Paul Gregory, who is Gaynor's husband, and killed Ben Washer, 76, Martin's publicist and companion.
