

Warped

by Scott McCullar

A RECENT M.E. 212 TEST WAS GIVEN EN MASSE IN G. ROLLIE GOLISEUM. CROWDED STUDENTS TOOK GRADE-BREAKING TESTS ON LAP BOARDS THEY HAD TO BRING THEMSELVES. SUCH EXTREME USE OF A&M FACILITIES AND STUDENTS LEADS TO SPECULATION.

WITH OVERCROWDING ALREADY RAMPANT ON CAMPUS WHAT STEPS MIGHT FOLLOW? EXAMS IN PARKING LOTS? AROUND THE MSC FOUNTAIN? IN KYLE FIELD ITSELF? TAKE OUT 2 SHEETS OF PAPER...

GRADUATION CEREMONIES AND MUSIC CONCERTS ARE NOW HELD IN THE BASKETBALL GYM. PERHAPS THE GAMES COULD BE HELD IN RUDDER AUDITORIUM. WOULD OFFICIALS FINALLY PUT IN A CENTER AISLE TO AID IN THE AUDIENCE FLOW?

SINCE RUDDER OFFICIALS DISLIKE SHOWING MOVIES IN THAT BUILDING SO MUCH MAYBE MOVIES COULD BE SHOWN IN THE OPEN AREA OF THE ARCHITECTURE BUILDING. PERHAPS THEN THE AUDIENCE COULD FINALLY HEAR THEM.

## What's Up at Texas A&M

### ATTENTION JUNIOR, SENIOR & GRADUATE ENGINEERING STUDENTS!!

## TAU BETA PI

Tau Beta Pi National Engineering Honor Society is now taking applications for membership from qualified junior and senior engineering students.

Founded in 1885, Tau Beta Pi — the engineers' equivalent to Phi Beta Kappa — seeks to recognize engineering students of superior scholarships and exemplary character. Juniors must have a 3.5 GPR while Seniors must have a 3.25 GPR. Graduate students should be in the top fifth of their class. All students are required to have completed at least two semesters at Texas A&M.

Applications are available in the Dean's office, 204 Zachry. All applications must be returned by Thursday, Oct. 14 by 5 p.m.

\* \* \* \* \*

ALL ACTIVE TAU BETA PI MEMBERS

The picture for the Aggieband will be taken Oct. 21 at 8:15 p.m. in the main lounge of the MSC. All current members are invited. Business dress requested.

## Now you know

United Press International  
ITHACA, N.Y. — The nation's apple crop this year is expected to total 1.3 billion pounds, 3 percent above 1980's record crop and 41 percent above last year's, which suffered from weather-related problems.

After a bad year of low yields, "trees tend to compensate by setting a higher than usual percentage of fruit buds," says Warren Stiles, associate professor of pomology at Cornell University. He said the bountiful harvest is also a result of good growing conditions and more dwarf apple trees coming into production. He expects apple prices to remain stable.

His tips for consumers: —Forget redness as an indicator of sweetness or flavor. "The yellower the background color, the riper the apple. The other primary indication of quality and condition is firmness." —Store apples in plastic bags in the refrigerator at a temperature as close to possible as 32 degrees F. But to ensure ripeness, keep them at room temperature a few days before eating.

—Non-bruised red apples, the most expensive, are packaged and graded as either extra fancy or fancy.

—In most cases, less expensive U.S. Grade 1 and utility grades are just as tasty, although they are not as red and may have more external defects, such as small bruises or rough skins.

## "AGGIE NIGHT" TEXAS TUMBLEWEED
