New drug aids weakened heart

United Press International
HOUSTON — Research on a new synthetic drug which strengthens hearts weakened by either chemotherapy or disease has special meaning for the woman monitoring the program at Hermann Hospital in Houston.

The new drug, amrinone, is still in its experimental stage and is expected to be reviewed by the Food and Drug Administration in late October.

But research associate Susan Nunchuck of the Department of Cardiology said the drug has great promise. It has the potential to strengthen and regulate heartbeats on people who have undergone chemotherapy for cancer without the side effects suffered by those taking digitalis, a widely used heart drug.

The testing is being done by Dr. Richard Goldstein and Dr. Gerald Naccarelli at the University of Texas Medical School in Houston.

Nunchuck said the inexpensive digitalis, which is a natural drug derived from the foxglove plant and used since the days of the Romans and Greeks more than 2,000 years ago, sometimes causes irregular heartbeat problems in patients.

But, she said, amrinone has proven in studies to keep the heart beating at a regular pace after either administering the

Silver

United Press International
WASHINGTON — The silver crisis carried on by the Federal Reserve of disrupting the reaction that silver prices are being reported by the Commodity Futures Trading Commission Wednesday.

The report comes as silver prices in the United States are being held in check by the Federal Reserve. The silver price in the United States is being held at \$1.50 per ounce, while in the rest of the world it is being held at \$1.25 per ounce.

Various brokers are reporting that silver prices are being held in check by the Federal Reserve. The silver price in the United States is being held at \$1.50 per ounce, while in the rest of the world it is being held at \$1.25 per ounce.

Copperfield

Now you can say you're home.

The magic of Copperfield. It begins in the trees. By the ponds. On the rolling hills. It's a breeze. A sunray. A raindrop. It's the land. And the dream. And the promise.

Copperfield. It's a new design for a Bryan-College Station real estate development. There are 550 acres of single family, multi-family and commercial lots. As you drive through the entrance, wide boulevards tell you that neighborhoods are carefully planned, each unique yet unified, reflecting the beauty of the land.

When you come to Copperfield, you're home.

Tylenol manh contin

United Press International
HOUSTON — Two relatives of the prime suspect in the Extra-Strength Tylenol poisonings, have been questioned by federal authorities, officials said.

Sherrie Leonard, 40, sister of Theodore Wilson, and David Miller Conroe, Wilson's brother-in-law, have been questioned by the FBI in connection with the search for Wilson and other officials said.

Wilson, who uses aliases, including James Lewis, was linked by investigators to an extortion letter. The letter demanded \$100,000 and threatened additional poisonings unless the money was deposited in a Chicago account.

Leonard refused comment, and referred all questions to the FBI. She is a nurse at the Texas Department of Health Resources public health office in Houston.

Miller, 37, is president of Conroe Jet Center. He would not elaborate, but said: "I'm close to the brother-in-law (son). I haven't seen him in several years."

Miller's father, Charles, who lives outside Kansas, said the family lived at one time in Amarillo.
