Unemployed offered striking Teamsters' jobs

United Press International
ST. LOUIS — Hundreds of unemployed people lined up in the rain to fill out applications for jobs at a wholesale grocery firm that is hiring up to 100 replacements for striking Teamsters.

"I really don't believe in crossing picket lines but we need the money," said Sharon James, a laid-off federal employee from Louisiana who stood in line Friday with her 2-year-old son.

"I wouldn't have done it before," said William Pyle, an assembly worker laid off at Chrysler Corp. in 1980. "But it's desperate. I'll do anything."

About 100 warehousemen, truck drivers, shipping clerks, office workers and forklift operators — all members of Teamsters Local 688 — walked off the job Wednesday after Associated

Grocers Co. proposed cutting their wages.

The strikers had been making about \$37,000 a year, including fringe benefits, the company said. The company wants to reduce each wage-benefit package by an average \$11,000.

Job-seekers camped all night Thursday in cars and on the

doorstep of the hotel where applications were being taken. Three company representatives began interviewing at 8:30 a.m. Friday. An hour later, more than 300 applications had been distributed.

The company supplies about 215 stores in the St. Louis area and in Wichita, Kan.

Ford plant to be closed; California team plans jobs

United Press International
SACRAMENTO, Calif. — Gov. Edmund G. Brown Jr. has ordered California state officials to help find new jobs for the 2,400 workers that will be laid off in the closure of Ford Motor Co.'s assembly plant at Milpitas.

The governor said Friday he has instructed the California Economic Adjustment Team and state education officials to work with Ford and United Auto Workers union representatives to set up a job training and placement program for the displaced workers.

The economic adjustment team is composed of the directors of the departments of economic and business development, industrial relations and employment development.

Ford announced Thursday that the plant may be closed by

March 1. "The early warning of the closure by Ford gives all of us an

opportunity to do everything possible to help the displaced workers," Brown said.
