United Press International
NEW YORK — An insurance industry trade association has published answers to the 10 most frequently asked questions about home and auto insurance.

The Insurance Information Institute compiled its list from calls received on its toll-free national telephone hotline.

Key questions involve the reasons for increased premiums, advice on cutting such costs and the wisdom of putting teenaged children on families' auto insurance policies.

The answers, respectively: Medical and hospital costs, auto collision replacement parts and labor costs are continuing to soar; ask your insurance agent if you're eligible for discounts many companies offer for such things as good driving records and young people passing approved driver education courses; and yes, because most insurers require you to list on your policy all licensed drivers in your household.

Single copies of the "10 Questions Consumers Most Frequently Ask About Auto and Home Insurance" and "Taking Inventory" leaflets are free. Send your request with a self-addressed, stamped envelope to: Publication Service Center CTI, Insurance Information Institute, 110 William St., New York, N.Y. 10038.

HOUSTON — It was a dream come true for margarita lovers — 1,500 gallons of the tequila-based liquid served up by a cement mixer at 50 cents a shot.

"What's the point of making a big margarita like everyone else? We wanted the biggest margarita," said Michelle Cosper, public relations director for the Moon. Secor Hyatt Regency Hotel which in-roared off to help celebrate the hotel's 10th anniversary.

The drink-in called for 300 gallons of tequila, 100 gallons of Triple Sec and lime juice to be mixed with 1,100 gallons of sweet and sour mix.

The ingredients were poured into a new cement mixer truck and churned for 14 hours until the first drink was served Friday afternoon.

The drinking continued through late Saturday with more than 20,000 glasses being sold at 50-cents each, Cosper said.
