

# Boy found guilty in dad's shooting

**United Press International**  
CHEYENNE, Wyo. — Richard Jahnke, 16, was found guilty late Saturday of manslaughter in the shooting death of his allegedly abusive father, but he was found innocent of conspiracy to commit first-degree murder.

Jahnke allegedly waited in ambush Nov. 16 along with his sister Deborah, 17, and killed his father with four shotgun blasts as their parents returned from a dinner celebrating the 20th anniversary of their meeting.

Jahnke's mother, Maria

Jahnke, burst into tears as the verdict was read. Jahnke stared intently at the jury as first the guilty verdict on manslaughter was read but hung his head in seeming relief when the innocent verdict on the conspiracy charge was read.

District Judge Paul Lamos allowed the Jahnkes, the jury and attorneys in the case to leave the Laramie County building before allowing the courtroom to clear.

Jahnke gave his mother a long embrace before leaving the courtroom. A number of Jahn-

ke's classmates attending the trial broke into tears.

Lamos ordered Jahnke to undergo a pre-sentence investigation but did not set a sentencing date. The seven-woman, five-man jury deliberated about seven hours before returning the guilty verdict at about 9 p.m. Saturday.

Jahnke claimed he was abused repeatedly by his father before shooting him last November.

"I tried to be what my father wanted me to be — it was impossible," he testified.

## Drinking drops in bad times

**United Press International**  
KATY — The sagging economy may be responsible for a national decline in drinking, a national pollster says.

"The percentage of Americans who drink alcoholic beverages declined from 70 percent in 1981 to 65 percent in our latest (1983) audit and now represents the lowest level of alcohol use since 1969," George Gallup Jr. said Friday.

In a keynote address marking the opening of a new Lifemark Corp. alcohol and drug rehabilitation center, Gallup said the decline in drinking is more pronounced among Americans 50 and older, people whose formal education ended at grade-school level, and whose family income is less than \$15,000 per year.

"These findings suggest current recession may be causing some people to cut spending on alcoholic drinks in favor of household necessities," Gallup said.

He said his studies on drinking since 1939 indicate that people drink more in good times and less in bad.

## COMPUTER SCIENCE AND ELECTRICAL ENGINEERING MAJORS

THE MOVE IS ON TO **ROLM**

... the leading name in the computer applications field where the moving spirit is sparked by a 60% compounded growth rate, innovative business communications systems, and severe environment systems — all backed by a strong international sales and service network.

ROLM has locations throughout the U.S. and Canada, and is seeking talented graduates interested in exciting, fast-moving career opportunities in:

**SOFTWARE** • Real-Time Computing • Distributed Systems • Operating Systems • Data Base Management Systems • Data Communications • Diagnostics • Electronic Mail • Software Tools: compilers, debuggers, etc. • Test Engineering • Support Engineering

**HARDWARE** • Data Communications • Digital and Analog Design • Microprocessor Applications • Telephony • Office Systems • Production Engineering • Test Engineering • Field Operations Engineering

Move on to ROLM... into your future today! ROLM's award-winning environment and exceptional compensation and benefits will provide you with everything you need for professional growth and achievement. Here are some of the benefits included in ROLM's outstanding package:

- Tuition reimbursement for graduate study at leading universities.
- Comprehensive health, dental and life insurance programs.
- Profit sharing and stock purchase plan.
- Three month paid sabbatical after 6 years employment.

### ON-CAMPUS INTERVIEWS

Thursday, February 24

Contact your Placement Center for an appointment and literature.

If unable to attend our interview session, please forward your resume to Shirley McDonnell, M/S450, ROLM Corporation, 4900 Old Ironsides Drive, Santa Clara, CA 95050. We are an equal opportunity/affirmative action employer.
