airport
officials:
ill deer

United Press International
HOUSTON — Whitetailed
wies that wander onto runways
Houston Intercontinental
port are causing safety prob-
ns, and airport officials want
mission to kill the animals be-
e they cause an accident.

Aviation Director Paul
ines said Monday he has tried
s of discouraging the deer
m the runways, including
ring a recording of a moun-
lion, which the deer are sup-
sed to be instinctively afraid

"Unfortunately, the deer
ve grown accustomed to the
h degree of noise on the air-
rt, so measures to scare them
ay with other noises have not
n successful," Gaines said.

Last year an airplane struck
killed two deer.

Carl Covert, regional dire-
or for the Parks and Wildlife
partment's law enforcement
tion, said it is likely the city
get its permit authorizing 12
port police officers to shoot

proposal because tranquiliz-
gins could accomplish the
ne end, without harming the
