Two teenagers shot in dad's parked car

United Press International
WEATHERFORD — The bodies of a Fort Worth area teen-age boy and girl were found early Saturday, shot in a parked car belonging to the boy's father, authorities said. "The Weatherford Police Department is in the process of investigating any and all information they have acquired at this point," said Parker County Dis-

trict Attorney Mac Smith. "We intend to investigate all details in order to apprehend whoever committed the crime."

Investigators identified the victims as Vincent M. Tijerina Jr., 16, and Michele Renna Couch, 14. The Weatherford High School students were apparently on a date, officials said.

The deaths represent the

second double homicide in six weeks for the north Texas community of 12,000, located just west of Fort Worth.

"There was no reason at all (for the killing)," said the boy's father, Vincent Sr., who found the pair shortly before 7 a.m. "He was the kind of boy who didn't get into any trouble."

Cuban prison release set

Texas pair return home

United Press International
HOUSTON — U.S. Rep. Mickey Leland, D-Texas, met with Cuban President Fidel Castro and secured the release of two Texans held in prison in Havana since November, an aide said Saturday.

Leland, of Houston, flew to Havana Friday and held a brief meeting with Castro in which the leader told the congressman he would release Gina Strickland, 23, and her boyfriend, Bernie Hofstadter, 28, both of Brownsville, Texas, to Leland's

custody for return to the United States Monday. Leland-aide Mark Holcomb said.

"They talked for about 45 minutes late Friday. They talked about the situation with the two Texans. We had gotten an assurance they will be released, and that's been formally indicated in the meeting with Castro," Holcomb said.

Holcomb said it was unclear if Leland would be given a chance to personally visit with the couple before their planned return to Houston at 1 p.m. CST Monday.

"My understanding is they will be released when Mickey is ready to leave," Holcomb said.

The couple was imprisoned in separate jails in Cuba since November. They apparently were forced to make an emergency landing on the Caribbean island as they flew from the Cayman Islands to Florida.

Strickland's mother, Lorenz of Houston, who previously visited her daughter in Cuba, said officials had caused the pair of transportation drugs and entering the country illegally. She said the two were the allegations.

Lorenz said Saturday that her husband, Ronnie, and their children were preparing to return homecoming for Strickland and Hofstadter.

"We're going to serve their favorite meals, and we will be held depending on they're up to it," Lorenz said. "That's a pretty traumatic experience, and they may want to hibernate for a day or two."

Lorenz said Hofstadter's mother, Konrad Hofstadter of Brownsville, also would be in Houston to welcome the couple back to Texas.
