

International Week exhibition of pride

Food, frolic and fun filled the Memorial Student Center last week as international students presented the culture of their countries to observe International Week.

The first event of International Week was an exhibit on the MSC main floor of tables from each country. The tables were decorated with posters, painting and art work from the

students' countries.

The second event was an international food fair. More than 132 international dishes were prepared by students from all over the world. Everything from Nigeria's Moi Moi to Crepes from France was served.

The third event was a fashion and talent show, including a parade of traditional folk dress from more than 50 countries.

Nineteen groups performed routines in the talent show ranging from Indian folk dances to Egyptian belly dances.

An awards ceremony was held on Friday afternoon.

Before the week began, International Student Adviser Tina Watkins said the international students take a great deal of pride in presenting international week and gain new friendships from it.
