

Girl escapes attempted rape

United Press International
DALLAS — Two brothers rescued their sister, 17, from a would-be rapist, then chased the man, dragged him across a city park and into the hands of a policeman.

The girl, vacationing in Dallas from her home in Corpus Christi, was jogging along Bachman Lake Sunday about 100 yards ahead of her brothers when she took a wrong turn and headed off the trail, investigators said.

She told police the man was

sitting by the path as she passed, but caught up with her and dragged her to a dam at the west end of the lake. There he exposed himself and warned her not to scream.

She screamed.

Her brothers arrived and chased the suspect to a water pumping station, where they seized him as he tried to scale a chain-link fence. The male suspect, 23, from suburban Irving, was treated at Dallas County jail for cuts on his hands sustained while scaling the fence, police said.

Fish Drill Team first in UT competition

The Fish Drill Team won first place in the University of Texas Scabbard and Blade Invitational Drill Meet in Austin Saturday.

Competing against teams from the University of Texas, the University of Texas at Arlington and Prairie View A&M University, the 28 freshmen led the overall competition by more than 100 points.

The team won first place in the fancy drill competition. In this event, each team performs a creative precision drill routine. The team also took second place in inspection and basic drill competitions.

The meet was the first of a two-part state drill team championship. The second half of the

state competition will take place at the Texas A&M Invitational Drill Meet on Saturday from 8 a.m. to 2 p.m. in Zachry parking lot. Judging will be based on performance in three categories: fancy drill, basic drill, and inspection.

Scores from both meets will be combined, and the team with the highest score will win the state championship.

The Fish Drill Team will give its last performance of the year during Parent's Day activities on Sunday, April 17 on Kyle Field before the Corps march-in.

CHRISTIAN SCIENCE LECTURE

What Christian Science Teaches About Intelligence

Tuesday, April 5
7:30 p.m. Room #404 Rudder Tower
Given by Jean I. Tainsh, C.S.B.
ALL ARE WELCOME

NO CIVILIAN BAND CAN MAKE YOU THIS OFFER.

If you're a musician who's serious about performing, you should take a serious look at the Army.

Army bands offer you an average of 40 performances a month. In everything from concerts to parades.

Army bands also offer you a chance to travel.

The Army has bands performing in Japan, Hawaii, Europe and all across America.

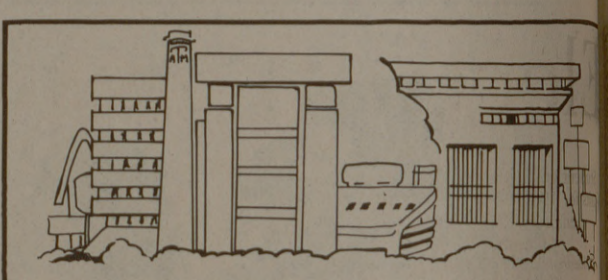

And Army bands offer you the chance to play with good musicians. Just to qualify, you have to be able to sight-read music you've never seen before and demonstrate several other musical skills.

It's a genuine, right-now, immediate opportunity.

Compare it to your civilian offers.

Then write: Army Opportunities, P.O. Box 300, North Hollywood, CA 91603.

ARMY BAND. BE ALL YOU CAN BE.

Around town

Holocaust Memorial to take place

April 10 has been declared internationally as **Yom Hashoah (Holocaust Memorial Day)**. It is a time of reflection for the slaughter of six million Jews in Nazi Germany from 1939-1945.

The **B'nai B'rith Hillel Foundation, the Campus Ministers' Association and the Israel Club** will join together to commemorate this event in history.

On April 10 at 9 p.m. there will be an ecumenical Holocaust Memorial in the MSC Ballroom. The memorial will be led by the ministers and their students that are members of the Campus Minister's Association.

There will be an all-day reading of the names of the Holocaust victims in front of Rudder Fountain on April 11. A series of posters depicting the events that happened during that time in history will be on display in Rudder.

The commemoration will culminate with the showing of the film "Genocide." The film, to be shown in 701 Rudder at 8 p.m., is narrated by Elizabeth Taylor and Orson Welles and is being shown in Texas for the first time.

F-2 Cadets run for Spina Bifida

Company F-2 is holding a five-mile run for **Spina Bifida** on Sunday April 10.

The race will begin at 2 p.m. for all handicapped entrants and 2:30 p.m. for all other entrants. Olympic gold medal winner Randy Matson will start the race and award all the prizes. All proceeds go to the Bryan-College Station Chapter of Spina Bifida. Entry fees are \$5 and the race will be held on campus. For more information, call Spina Bifida at 823-7247.

Spina Bifida is the number one crippler of newborns in the world.

Holocaust survivor to speak here

Dr. Rudolph Roden, Associate Professor of Clinical Psychiatry at the University of Texas at Galveston, will present a lecture on the Texas A&M campus on Thursday.

The lecture, "**The Imprint of the Holocaust Experience**," will be held in 302 Rudder at 8 p.m.

Dr. Roden, a holocaust survivor, has published "Children of Holocaust Survivors" and "Suicide in Holocaust Survivors."

Forestry Department gets new head

Dr. John Charles Lee, dean of the School of Forest Resources and associate director of the Agricultural and Forestry Experiment Station at Mississippi State University, has been named professor and head of **Texas A&M's Department of Forest Science**.

Lee will hold joint appointments with Texas A&M's College of Agriculture, the Texas Forest Service, the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service — all parts of the Texas A&M University System.

Lee holds a doctorate in forestry/genetics from North Carolina State University where he obtained his bachelor's degree in forest management. He also earned a master's in tree physiology from Duke University.

He is president-elect of the National Association of Professional Forestry Schools and Colleges, former vice president for the Association of College and University Forestry Research Organizations and a member of the Society of American Foresters and numerous other professional and honorary organizations.

A&M grad given architectural honor

Harold L. Adams, president of RTKL Associates Inc. and graduate of Texas A&M, has been named to the **College of Fellows of the American Institute of Architects** in recognition of his contributions to the advancement of architecture.

Adams, Class of '62, graduated with a bachelor degree in architecture. As a student, he won two design awards, was editor of the architectural magazine and received the Alpha Rho Chi Medal for outstanding service to the school of architecture.

Adams was selected by a Jury of Fellows for this life-time honor for his distinctive career as managing principal of a firm that produces work of outstanding quality. RTKL, which has offices in Dallas and Baltimore, has won more than 40 local and national planning and design awards.

If you have an announcement or item to submit for this column, come by The Battalion office in 216 Reed McNeal or contact Tracey Taylor at 845-2665.

Police beat

The following incidents were reported to the University Police Department for April 3.

THEFTS:

- A Honda XLS with the license plate 4LM-431, from between Walton and McInnis Halls.
- A Seiko Quartz watch, from

room 304 of Cain Hall.

MISCELLANEOUS:

- A female student was taken to the County jail for driving while intoxicated and her passenger was brought in for passenger intoxication. The passenger was not held because of overcrowded conditions.
