Confessed killer to appear in court

CONROE — Montgomery

County authorities plan to charge admitted mass murderer Henry Lee Lucas with one of three killings he recently confessed to, officials said.

Lucas, 47, claims he killed at least 100 women in 17 states. He was returned Sunday to Montgomery County officials, where he is scheduled for a court appearance Monday.

During his six-day stay in Montgomery County, Lucas was questioned by lawmen from eight law enforcement agencies. Only the Harris County Sheriff's Department was able to develop information provided by Lucas on an unsolved slaying, officials said.

Montgomery County Sheriff Joe Corley said Lucas probably will be charged with the October slaying of Pasadena homemaker Gloria Stephan, 38, who was stabbed, strangled and sexually

Lucas also pointed out last week where he had left the bodies of a 16-year-old Houston high school student in April and the unidentified body of a woman found north of Conroe.

No charges have been filed in those cases.
