## Rioters moved to other prisons while authorities regain control

HOMINY, Okla. — Authorities Tuesday transported the last of nearly 750 inmates from a fire-gutted prison, ending a riot that left one prisoner dead and 23 inmates and officers injured.

A Corrections Department spokeswoman in Oklahoma City

tled guards and burned buildings since Monday night, were fed, loaded into buses and taken to other facilities.

Department spokeswoman Joyce Jackson said officers had regained control of the Conner Correctional Center, all fires were out, food was taken in and the prison was evacuated. She said the inmates were being taken to other state prisons and none would be housed in county

The center, about 40 miles northwest of Tulsa, was designed for 400 inmates.

Authorities identified the man slain in the rioting as Greg Hodges, 27, who was serving a 12-year sentence from McCurtain County for second-degree murder.

Corrections Department Director Larry Meachum said an autopsy would be required to determine the cause of death, but Dennis James, a hospital administrator in Hominy, said Hodges suffered gunshot

All of the inmates were rounded up by 4 a.m. CDT, offi-

cials said. Meachum had said an hour earlier that 130 inmates still were not cooperating. Shortly after midnight a spokesman for Gov. George Nigh said only 200 inmates were under control and another 500 were believed to be loose within the medium-security facility.

John Reid, the governor's news secretary, said the facility housed 748 inmates and the en-
