

## To get ahead, you've got to push the right buttons.

Big ideas call for big functions. And you'll find them on the keys of every Hewlett-Packard calculator.

### The HP-11C Scientific Programmable.

Powerful functions, such as permutations and combinations, hyperbolics and a random-number generator, are all at your fingertips. And with help like that, you just might end up with your name on a theorem.

### The top-of-the-line HP-41.

To give you an idea of the HP-41's capabilities,

in an emergency it can help bring the NASA Space Shuttle back to earth. Without the aid of Mission Control. Imagine what it can do for you on a routine day.

And it's just one of the many specialized HP calculators: the HP-10C and HP-15C scientific programmables, the HP-12C financial calculator, and the HP-16C for computer programmers.

So, go ahead. Get to the root of sophisticated problems—quickly—simply, with the help of a sophisticated tool. Get there with Hewlett-Packard.

For the authorized HP dealer or HP sales

office nearest you, call TOLL-FREE 800-547-3400 and ask for operator #13, M-F, 6a.m.-6p.m. Pacific Time.
