## Calendar

If you're in the mood for tappin' your toes, snappin' your fingers, clappin' your hands and hummin' along to some great tunes, road trips to **Houston** or **Austin** may be what you need.

Houston is this month's hot spot for concerts. On Tuesday Men At Work will be performing at the Summit at 8 p.m. Friday Kansas arrives in Astroworld for a 9 p.m. concert. Back to the Summit, on September 17 at 8 p.m. Supertramp hits the stage, on September 20 Robert Plant will appear in an 8 p.m. show, and, also at the Summit, on September 24 at 8 p.m. will be the Lovin' Feelings in concert.

All these hot concerts you may want to cool off a bit and be entertained by the Ice Capades, to be performing at the Summit at 8 p.m. through Monday.

This month in **Austin** the Frank Erwin Center will be caught in a flurry of activity. Attractions include: Saturday, Diana Ross; Monday, Men At

Work; September 18, Supertramp; September 21, Robert Plant; and September 23, Sheena Easton. Show time for all of the above attractions is 8 p.m.

Locally, **College Station** offers different strokes for different folks. September 22 Rudder Theater presents The Chicago Symphony.

Ric Tangle and the Squares, a new wave dance band from Houston, will perform at Rumours in the Memorial Student Center tonight at eight. The show is the first one of the year from MSC Basement and the admission is \$2.50.

Basement is a student committee that specializes in alternative entertainment for the campus audience. Other future shows are Michael Gulezian, a folk guitarist, next Friday night and the Second City Touring Company, the Chicago comedy group that spawned such talents as John Belushi and Robert Klein, September 25.

## Stars at Six Flags

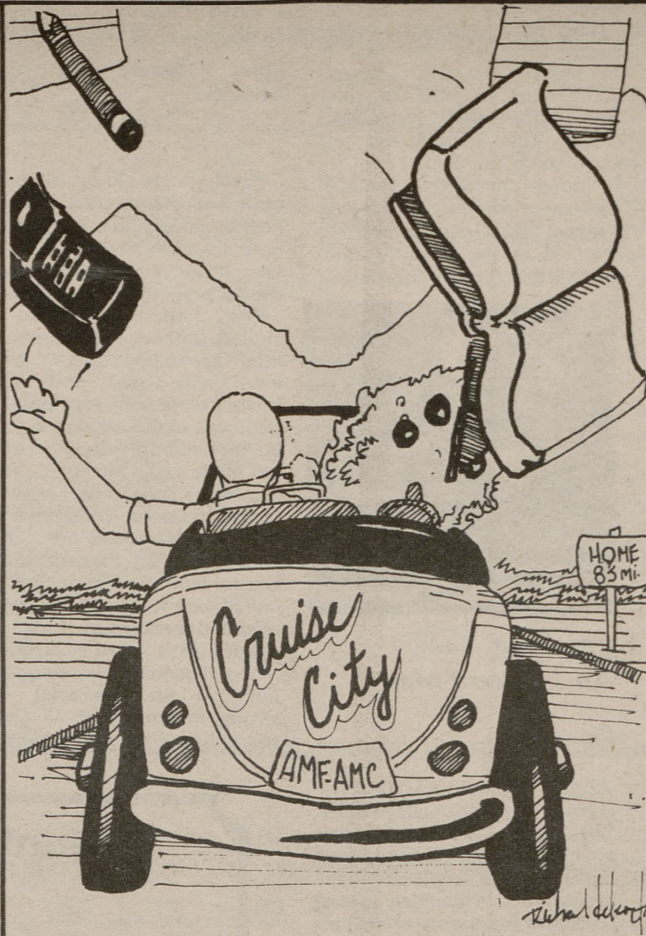

A special weekend of country music is scheduled by Six Flags Over Texas with Louise Mandrell appearing in concert Saturday and the Oak Ridge Boys performing Sunday.

Mandrell, whose current hit "Too Hot to Sleep" is making its way toward the Top Ten, established herself in the music business with such successes as "Romance" and "Save Me."

Mandrell will appear in a single show at 8 p.m. in the Six Flags Festival Concert Pavilion.

The Oak Ridge Boys will appear the next evening with one show at 5 p.m.

The Oak Ridge Boys current single, "Love Song," hit the number one spot on the country music charts in mid-August. Also featured during the show will be "Elvira" and "Bobbie Sue."

## The Bright Side of Nuclear War

Do you know offhand what species (besides cockroaches and five-star generals) would survive a nuclear war? Do you know how many times over OUR nukes can kill THEM or how many times over THEIR nukes can kill US? Want to hear about nuclear survival for fun and profit, the safest place in America or why official shelter plans call for three coffee breaks a day?

Marc Ian Barasch answers these and many other questions in "The Little Black Book of Atomic War." Learn atomic war terminology, discover little known nuclear warfare facts, gasp at the actual quotes and excerpts taken from official U.S. Government documents and propaganda. "The Little Black Book of Atomic War" is the last word, and the last laugh, on the war to end them all!

"The Little Black Book of Atomic War," by Marc Ian Barasch, illustrated by Henrik Drescher. A Dell Trade Paperback, \$3.95.
